BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MONTANA:

**Section 1.** Section 53-6-101, MCA, is amended to read:

**"53-6-101. Montana medicaid program -- authorization of services.** (1) There is a Montana medicaid program established for the purpose of providing necessary medical services to eligible persons who have need for medical assistance. (a) protecting those persons who are most vulnerable and most in need, as defined by a combination of economic, social, and medical circumstances;

(c) giving priority to services that employ the science of prevention to reduce disability and illness, services that treat life-threatening conditions, and services that support independent or assisted living, including pain management, to reduce the need for acute inpatient or residential care; and

(d) giving priority to a provider's expert treatment recommendation when evidenced-based reviews conclude there is no meaningful difference between treatments.

6 (q) any additional medical service or aid allowable under or provided by the federal Social Security Act.

7 (5) Services for persons qualifying for medicaid under the medically needy category of assistance, as  
8 described in 53-6-131, may be more limited in amount, scope, and duration than services provided to others  
9 qualifying for assistance under the Montana medicaid program. The department is not required to provide all of  
10 the services listed in subsections (3) and (4) to persons qualifying for medicaid under the medically needy  
11 category of assistance.

12 (6) In accordance with federal law or waivers of federal law that are granted by the secretary of the U.S.

14 as basic medicaid, for adult recipients who are eligible because they are receiving financial assistance, as defined  
15 in 53-4-201, as the specified caretaker relative of a dependent child under the FAIM project and for all adult  
16 recipients of medical assistance only who are covered under a group related to a program providing financial  
17 assistance, as defined in 53-4-201. Basic medicaid benefits consist of all mandatory services listed in subsections  
18 (3)(a) through (3)(l) but may include those optional services listed in subsections (4)(a) through (4)(q) that the  
19 department in its discretion specifies by rule. The department, in exercising its discretion, may consider the  
20 amount of funds appropriated by the legislature, whether approval has been received, as provided in 53-1-612,  
21 and whether the provision of a particular service is commonly covered by private health insurance plans.  
22 However, a recipient who is pregnant, meets the criteria for disability provided in Title II of the Social Security Act,  
23 42 U.S.C. 416, et seq., or is less than 21 years of age is entitled to full medicaid coverage.

24 (7) The department may implement, as provided for in Title XIX of the Social Security Act, 42 U.S.C.  
25 1396, et seq., as may be amended, a program under medicaid for payment of medicare premiums, deductibles,  
26 and coinsurance for persons not otherwise eligible for medicaid.

27 (8) The department may set rates for medical and other services provided to recipients of medicaid and  
28 may enter into contracts for delivery of services to individual recipients or groups of recipients.

29 (9) The services provided under this part may be only those that are medically necessary and that are  
30 the most efficient and cost-effective.

(10) The amount, scope, and duration of services provided under this part must be determined by the department in accordance with Title XIX of the Social Security Act, 42 U.S.C. 1396, et seq., as may be amended.

(11) Services, procedures, and items of an experimental or cosmetic nature may not be provided.

(12) If available funds are not sufficient to provide medical assistance for all eligible persons, the department may set priorities to limit, reduce, or otherwise curtail the amount, scope, or duration of the medical services made available under the Montana medicaid program after taking into consideration the funding principles set forth in subsection (2)."
