BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MONTANA:

Section 1. Section 53-21-113, MCA, is amended to read:

"53-21-113. Costs of committing a patient already voluntarily admitted -- transportation costs for voluntary admission. (1) The cost of involuntarily committing a patient who is voluntarily admitted to a mental health facility at the time the involuntary proceedings are commenced must be paid by the county of the patient's residence at the time of admission. The county clerk shall make a statement of all costs incurred by the county for the involuntary proceedings and submit the statement to the department for its approval. After approval, the department shall pay the costs out of the money appropriated for mental health facilities to the county treasurer of the county where the proceedings occurred.

(2) The costs of transportation to a mental health facility under 53-21-111 and 53-21-112 must be provided by the local office of public assistance located in the county of the patient's residence. The local public assistance office may seek reimbursement from the department for the costs of transportation using the process described in subsection (1). ~~However, if protective proceedings under Title 72, chapter 5, have been or are initiated with respect to the person, the local office of public assistance may seek reimbursement.~~ If no one else is available to transport the person, the sheriff shall transport the person. The sheriff's office may seek reimbursement from the department for the costs of transportation using the process described in subsection (1)."

Section 2. Section 53-21-128, MCA, is amended to read:

"53-21-128. Petition for extension of commitment period. (1) (a) Not less than 2 calendar weeks prior to the end of the 3-month period of commitment to the state hospital, a behavioral health inpatient facility, or the Montana mental health nursing care center or the period of commitment to a community facility or program or a course of treatment provided for in 53-21-127, the professional person in charge of the patient at the place of

1 commitment may petition the district court in the county where the patient is committed for extension of the
2 commitment period unless otherwise ordered by the original committing court. The petition must be accompanied
3 by a written report and evaluation of the patient's mental and physical condition. The report must describe any
4 tests and evaluation devices that have been employed in evaluating the patient, the course of treatment that was
5 undertaken for the patient, and the future course of treatment anticipated by the professional person.

6 (b) Upon the filing of the petition, the court shall give written notice of the filing of the petition to the
7 patient, the patient's next of kin, if reasonably available, the friend of respondent appointed by the court, and the
8 patient's counsel. If any person notified requests a hearing prior to the termination of the previous commitment
9 authority, the court shall immediately set a time and place for a hearing on a date not more than 10 days, not
10 including Saturdays, Sundays, and holidays, from the receipt of the request and notify the same people, including
11 the professional person in charge of the patient. When a hearing is requested less than 10 days prior to the
12 termination of the previous commitment authority, the previous commitment is considered extended until the
13 hearing is held. The notice of hearing must include a notice of this extension. If a hearing is not requested, the
14 court shall enter an order of commitment for a period not to exceed 6 months.

15 (c) Procedure on the petition for extension when a hearing has been requested must be the same in all
16 respects as the procedure on the petition for the original 3-month commitment, except that the patient is not
17 entitled to a trial by jury. The hearing must be held in the district court having jurisdiction over the facility in which
18 the patient is detained unless otherwise ordered by the court. ~~Court costs and witness fees, if any, must be paid~~
19 ~~by the county that paid the same costs in the initial commitment proceedings.~~ The county clerk of the county where
20 the hearing is held shall make a statement of all costs incurred by the county for the hearing and submit the
21 statement to the department for its approval. After approval, the department shall pay the costs out of the money
22 appropriated for mental health facilities to the county treasurer of the county where the hearing occurred.

23 (d) If upon the hearing the court finds the patient not to be suffering from a mental disorder and requiring
24 commitment within the meaning of this part, the patient must be discharged and the petition dismissed. If the court
25 finds that the patient continues to suffer from a mental disorder and to require commitment, the court shall order
26 commitment as set forth in 53-21-127. However, an order extending the commitment period may not affect the
27 patient's custody for more than 6 months and may not commit the patient to a behavioral health inpatient facility.
28 In its order, the court shall describe what alternatives for treatment of the patient are available, what alternatives
29 were investigated, and why the investigated alternatives were not found suitable. The court may not order
30 continuation of an alternative that does not include a comprehensive, individualized plan of treatment for the

1 patient. A court order for the continuation of an alternative must include a specific finding that a comprehensive,
2 individualized plan of treatment exists.

3 (2) Prior to the end of the period of commitment to a community facility or program or course of
4 treatment, a respondent may request that the treating provider petition the district court for an extension of the
5 commitment order. The petition must be accompanied by a written report and evaluation of the respondent's
6 mental and physical condition, an updated treatment plan, and a written statement by the respondent that an
7 extension is desired. The extension procedure must follow the procedure required in subsections (1)(b) through
8 (1)(d).

9 (3) Further extensions under subsection (1) or (2) may be obtained under the same procedure described
10 in subsection (1). However, the patient's custody may not be affected for more than 1 year without a renewal of
11 the commitment under the procedures set forth in subsection (1), including a statement of the findings required
12 by subsection (1)."

13

2 audio-video communication in the county of commitment must be paid by the ~~county in which the person resides~~
3 ~~at the time that the person is committed~~ department. The costs of the use of two-way electronic audio-video
4 communication from the state hospital for a patient who is under a voluntary or involuntary commitment to the
5 state hospital must be paid by the state. The fact that a person is examined, hospitalized, or receives medical,
6 psychological, or other mental health treatment pursuant to this part does not relieve a third party from a
7 contractual obligation to pay for the cost of the examination, hospitalization, or treatment.

8 (3) The adult respondent or the parent or guardian of a minor shall pay the cost of treatment and custody
9 ordered pursuant to 53-21-127, except to the extent that the adult or minor is eligible for public mental health
10 program funds.
