8 ~~_____ (ii) The department shall calculate the average annual growth rate of the Montana gross state product,~~
 9 ~~as published by the bureau of economic analysis of the United States department of commerce, for the following~~
 10 ~~periods:~~

11 ~~_____ (A) the last 4 calendar years for which the information has been published; and~~

12 ~~_____ (B) the 4 calendar years beginning with the year before the first year in the period referred to in~~
 13 ~~subsection (3)(a)(ii)(A).~~

14 ~~_____ (iii) The department shall calculate the average annual growth rate of Montana personal income, as~~
 15 ~~published by the bureau of economic analysis of the United States department of commerce, for the following~~
 16 ~~periods:~~

17 ~~_____ (A) the last 4 calendar years for which the information has been published; and~~

18 ~~_____ (B) the 4 calendar years beginning with the year before the first year in the period referred to in~~
 19 ~~subsection (3)(a)(iii)(A).~~

20 ~~_____ (b) (i) The entitlement share pool growth rate for the first year of the biennium must be the following~~
 21 ~~percentage of the average of the growth rates calculated in subsections (3)(a)(ii)(B) and (3)(a)(iii)(B):~~

22 ~~_____ (A) for counties, 54%;~~

23 ~~_____ (B) for consolidated local governments, 62%; and~~

24 ~~_____ (C) for incorporated cities and towns, 70%.~~

25 ~~_____ (ii) The entitlement share pool growth rate for the second year of the biennium must be the following~~
 26 ~~percentage of the average of the growth rates calculated in subsections (3)(a)(ii)(A) and (3)(a)(iii)(A):~~

27 ~~_____ (A) for counties, 54%;~~

28 ~~_____ (B) for consolidated local governments, 62%; and~~

29 ~~_____ (C) for incorporated cities and towns, 70%.~~

30 ~~_____ (4) As used in this section, "local government" means a county, a consolidated local government, an~~

1 incorporated city, and an incorporated town. A local government does not include a tax increment financing
 2 district provided for in subsection (6). For purposes of calculating the base year component for a county or
 3 consolidated local government, the department shall include the revenue listed in subsection (1) for all special
 4 districts within the county or consolidated local government. The county or consolidated local government is
 5 responsible for making an allocation from the county's or consolidated local government's share of the entitlement
 6 share pool to each special district within the county or consolidated local government in a manner that reasonably
 7 reflects each special district's loss of revenue sources listed in subsection (1).

8 ~~———— (5) (a) The entitlement share pools calculated in this section and the block grants provided for in~~
 9 ~~subsection (6) are statutorily appropriated, as provided in 17-7-502, from the general fund to the department for~~
 10 ~~distribution to local governments. Each local government is entitled to a pro rata share of each year's entitlement~~
 11 ~~share pool based on the local government's base component in relation to the base year entitlement share pool.~~
 12 ~~The distributions must be made on a quarterly basis.~~

13 ~~———— (b) (i) The growth amount is the difference between the entitlement share pool in the current fiscal year~~
 14 ~~and the entitlement share pool in the previous fiscal year. For the purposes of subsection (5)(b)(ii)(A), a county~~
 15 ~~with a negative base year component has a base year component of zero. The growth factor in the entitlement~~
 16 ~~share must be calculated separately for:~~

17 ~~———— (A) counties;~~

18 ~~———— (B) consolidated local governments; and~~

19 ~~———— (C) incorporated cities and towns.~~

20 ~~———— (ii) In each fiscal year, the growth amount for counties must be allocated as follows:~~

21 ~~———— (A) 50% of the growth amount must be allocated based upon each county's percentage of the base year~~
 22 ~~entitlement share pool for all counties; and~~

23 ~~———— (B) 50% of the growth amount must be allocated based upon the percentage that each county's~~
 24 ~~population bears to the state population not residing within consolidated local governments as determined by the~~
 25 ~~latest interim year population estimates from the Montana department of commerce as supplied by the United~~
 26 ~~States bureau of the census.~~

27 ~~———— (iii) In each fiscal year, the growth amount for consolidated local governments must be allocated as~~
 28 ~~follows:~~

29 ~~———— (A) 50% of the growth amount must be allocated based upon each consolidated local government's~~
 30 ~~percentage of the base year entitlement share pool for all consolidated local governments; and~~

1 ~~———(B) 50% of the growth amount must be allocated based upon the percentage that each consolidated local~~
 2 ~~government's population bears to the state's total population residing within consolidated local governments as~~
 3 ~~determined by the latest interim year population estimates from the Montana department of commerce as~~
 4 ~~supplied by the United States bureau of the census.~~

5 ~~———(iv) In each fiscal year, the growth amount for incorporated cities and towns must be allocated as follows:~~

6 ~~———(A) 50% of the growth amount must be allocated based upon each incorporated city's or town's~~
 7 ~~percentage of the base year entitlement share pool for all incorporated cities and towns; and~~

8 ~~———(B) 50% of the growth amount must be allocated based upon the percentage that each city's or town's~~
 9 ~~population bears to the state's total population residing within incorporated cities and towns as determined by the~~
 10 ~~latest interim year population estimates from the Montana department of commerce as supplied by the United~~
 11 ~~States bureau of the census.~~

12 ~~———(v) In each fiscal year, the amount of the entitlement share pool not represented by the growth amount~~
 13 ~~is distributed to each local government in the same manner as the entitlement share pool was distributed in the~~
 14 ~~prior fiscal year.~~

15 ~~———(6) (a) If a tax increment financing district was not in existence during the fiscal year ending June 30,~~
 16 ~~2000, then the tax increment financing district is not entitled to any block grant. If a tax increment financing district~~
 17 ~~referred to in subsection (6)(b) terminates, then the block grant provided for in subsection (6)(b) terminates.~~

18 ~~———(b) One-half of the payments provided for in this subsection (6)(b) must be made by November 30 and~~
 19 ~~the other half by May 31 of each year. Subject to subsection (6)(a), the entitlement share for tax increment~~
 20 ~~financing districts is as follows:~~

21	Cascade	Great Falls - downtown	\$468,966
22	Deer Lodge	TIF District 1	3,148

4 ~~_____ (7) The estimated base year entitlement share pool and any subsequent entitlement share pool for local~~
5 ~~governments do not include revenue received from countywide transportation block grants or from countywide~~
6 ~~retirement block grants.~~

7 ~~_____ (8) (a) If revenue that is included in the sources listed in subsections (1)(b) through (1)(o) is significantly~~
8 ~~reduced, except through legislative action, the department shall deduct the amount of revenue loss from the~~
9 ~~entitlement share pool beginning in the succeeding fiscal year and the department shall work with local~~
10 ~~governments to propose legislation to adjust the entitlement share pool to reflect an allocation of the loss of~~
11 ~~revenue.~~

12 ~~_____ (b) For the purposes of subsection (8)(a), a significant reduction is a loss that causes the amount of~~
13 ~~revenue received in the current year to be less than 95% of the amount of revenue received in the base year.~~

14 ~~_____ (9) A three-fifths vote of each house is required to reduce the amount of the entitlement share calculated~~
15 ~~pursuant to subsections (1) through (3).~~

16 ~~_____ (10) When there has been an underpayment of a local government's share of the entitlement share pool,~~
17 ~~the department shall distribute the difference between the underpayment and the correct amount of the~~
18 ~~entitlement share. When there has been an overpayment of a local government's entitlement share, the local~~
19 ~~government shall remit the overpaid amount to the department.~~

20 ~~_____ (11) A local government may appeal the department's estimation of the base year component, the~~
21 ~~entitlement share pool growth rate, or a local government's allocation of the entitlement share pool, according~~
22 ~~to the uniform dispute review procedure in 15-1-211.~~

23 ~~_____ (12) A payment required pursuant to this section may not be offset by a debt owed to a state agency by~~
24 ~~a local government in accordance with Title 17, chapter 4, part 1."~~
