

Montana State Capitol
Helena, Montana
February 23, 2007

Honorable Chairman and Members of the Committee:

For the record, my name is Georgia Lindgren and I am from Helena Montana.

As presented in HB 733, it is proposed that public and private schools need only to report the number of young ladies who received the vaccination. But, I see the foreshadowing of the housekeeping of this bill in the next legislative session. Honorable Chairman, Members of the Committee, if you sanction this bill that would require girls to report the receipt of this vaccination now; the next step would be to mandate the vaccine within the state. I find it offensive that the State of Montana would overstep their boundaries and force their morality upon others. I am in opposition to HB 733, and I respectfully request that you vote against this bill.

Sincerely,

Georgia Lindgren
