Subject: RE: CAC house bill 398 notification

Louie,

My boss knew I was interested in this topic and sent me a copy of his email to you. I would just like to express to you that I also am in support of this bill. It is simply not fair that some people will get to take 2 or even 3 sheep in their lifetime while so many will never get the opportunity for even one. Just to be clear, I am voicing this opinion on my own behalf, not necessarily as a representative of B&C, just a concerned Montana sportsman. Thank you. Ryan Hatfield
