Re: Grant Applications

Dear Sir or Madam,

As a property owner in the Hebgen Lake Estates subdivision, I am writing in regard to Gallatin County's applications for the DNRC Grant and other smaller grants. The purpose of these grants is to offset the significant costs for each property owner in bringing our water treatment system into compliance, according to DEQ's standards. Obtaining these and other grants is crucial in pursuing a cost effective and efficient solution to this situation. I appreciate your consideration in this matter.

Sincerely,

Mary Jo Bennett
