MEMORANDUM

TO: Members of the Senate Finance Committee

FROM: Dan Bucks, Director

DATE: March 28, 2007

SUBJECT: Number of Staff and Department's Workload

On Monday, March 26th members of the committee questioned the department regarding the number of staff and the department's workload.

FTE Comparison

The department's staffing in FY 2000 and FY 2001 is understated because a number of FTE were budgeted in a non-budgeted fund type and therefore do not show as budgeted FTE. Those positions were returned to a budgeted fund in FY 2003. The following table shows the department FTE for both fund types and totals for the FY 2000.

Note that the FY 2000 FTE levels include positions responsible for unemployment insurance tax. The FY 2005 and beyond numbers do not.

Year	Budgeted FTE	Non-Budgeted FTE	Total FTE
FY 2000	538.56	123.7	662.26
FY 2002	665.23	0	665.23
FY 2003	656.23	0	656.23
FY 2004	647.03	0	647.23
FY 2005	643.53	0	643.53
FY 2006	612.08	0	612.08
FY 2007	615.53	0	615.53

FTE versus Workload

The department has attempted to compare workload as measured by the number of tax returns filed and the number of property parcels as compared to FTE. That chart is attached. From FY 2002-2007 FTEs have declined 7 percent while workload has increased 43 percent. The Executive Budget proposes to increase FTE in the department by 15 percent, but projected workload increases by 17 percent. The subcommittee action increases the department FTE by only 0.9 percent compared to a projected workload increase of 17 percent.
