Following: page 14, line 21**Insert:** "(5) In addition to the requirements in subsection (1),
the automated emergency notification and messaging system
must:(a) comply with the national incident management system
established by the U.S. department of homeland security pursuant
to homeland security presidential directive five, dated February
28, 2003, and Montana's executive order 17-04 on management of
domestic incidents;(b) support interjurisdictional disaster and emergency
services plans established pursuant to 10-3-105(3) and state
disaster and emergency services and continuity of government
planning required pursuant to Title 10, chapter 3, parts 1
through 4; and(c) be coordinated with the division of disaster and
emergency services' communications system established pursuant to

10-3-106."

7. Page 15, line 20.

Insert: "Section 19. Section 10-3-106, MCA, is amended to read:

"10-3-106. **Communications.** (1) The division shall coordinate whatever means exist for rapid and efficient communications in time of emergency or disaster.

(2) The division shall, in cooperation with the department of administration, consider the desirability of supplementing communications resources or of integrating them into a comprehensive state or state-federal telecommunications or other communications system or network.

(3) The division shall, in cooperation with the department of administration and local political subdivisions, evaluate the possibility of multipurpose use of communications systems or networks for general state and local governmental purposes.

(4) The division shall assist political subdivisions in the orderly development of telecommunications systems complementary to the statewide telecommunications network.

(5) The division shall work with the department of administration and the chief information officer, provided for in 2-17-511, in the development and maintenance of the statewide automated emergency notification and messaging system."
