FISCAL ANALYSIS

Assumptions:

Department of Justice:

- Travel trailers and trailers are permanently registered until a change of ownership occurs. The new owner(s) apply for title and pay the appropriate registration fees for permanent registration under their ownership and there would be no increase in those revenues.
- This bill would allow personalized specialized military or veteran license plates to be placed on travel trailers or trailers with a declared weight of 6,000 pounds or more. There is a \$25 one-time personalized plate application fee that would be due at the time of application for a personalized special military or veteran license plate for a travel trailer or a trailer with a declared weight of 6,000 pounds or more.
- The Motor Vehicle Division has no data available for the number of travel trailers and trailers registered to veterans; therefore, a potential increase in revenues for personalized plate application fees cannot be determined at this time.

Technical Notes:

1. 1-2-201 (c), MCA provides that statutes imposing fees and taxes for motor vehicles take effect on the first day of January following passage and approval of the legislation unless a different time is prescribed in the legislation.
2. Trailers with a declared weight of less than 6,000 pounds are issued a specific small license plate which cannot be manufactured with personalized characters. Personalized plates could not be placed on those trailers.
