DO = Doctor of Osteopathy

APRN = Advanced Practice Registered Nurse. Includes: nurse practitioners, nurse midwives (mdwv), nurse anesthetists (N Anesth or NA), and clinical nurse specialists (CNS). If not specified, an APRN is a nurse practitioner. An APRN has to apply for prescriptive authority and most, but not all, do have prescriptive authority

MEMORANDUM

To: Representative Furey
Representative Becker, Chair
Members of the Human Services Committee

From: David Ewer, Budget Director

Re: Opposition to HB 399, Establish principles for provider rates

Date: February 11, 2009

Dear Representative Furey and members of the committee: Given budget constraints, I respectfully go on record as opposing HB 399 for fiscal reasons. My opposition is not based on any intrinsic merits of HB 399.

The Executive Budget currently has a structural surplus, however, unlike the 2007 Session, which had over $80 million in projected revenues over the Administration's ongoing general fund expenditure proposals, the current budget is very tight. While the Administration insisted on a spending cap to preserve the structural surplus of $80 million, the modification or rejections of some Administration proposals created substantial fiscal 'space' for other legislative priorities.

The Schweitzer Administration fully understands and respects the legislative process and a legislator's prerogative to achieve any legislation he or she so desires. Given that it is very early in the 2009 session and this bill's hearing date, it is certain that the legislature will take later action that will either free up or additionally constrain budget capacity. But again, the importance of maintaining a basic level of public safety, health, and education service levels require this opposition.

This letter is intended to benefit, not impede communications. I am eager for any feed back as to how we can maximize effective communications.
