STATE ADMINISTRATION
Exhibit No. 1
Date 3/11/09
Bill No. HB475

HB 475 Revise fee structure for online delivery of admin rules
Senate State Administration, RM 335
March 11, 2009 @ 3 PM
Secretary Linda McCulloch's Testimony

Good afternoon Mr. Chair, members of the committee.
For the record, I am Montana Secretary of State Linda McCulloch.

I am here today to support House Bill 475, because it updates the laws on administrative rules to reflect the current times.

I would like to thank Representative Mike Phillips for sponsoring this legislation on behalf of our office. I know there are more interesting bills on the roster this session ☺

As we continue to progress into an electronic age, we must update our laws to recognize that an increasing number of operations are now being offered on-line.

On-line services not only reduce waste, they are often convenient, easy to manage, and time efficient.

Passage of this simple piece of legislation will help define and clarify current practices in the Secretary of State's Office.

These minor changes come at no additional cost to state government.

Changes include new wording that ensures an administrative rule, by definition, refers to both electronic rules and printed rules.

HB 475 also allows agencies to provide electronic access to the current versions of the Administrative Rules of Montana and the Montana Administrative Register--rather than having to provide a hard copy.

All of the changes in this bill are minor, and will further enhance the services provided by the Secretary of State.

Thank you for your time and your consideration of HB 475.
