

1 HOUSE BILL NO. 505

2 INTRODUCED BY E. HILL

3

4 A BILL FOR AN ACT ENTITLED: "AN ACT ESTABLISHING A PRESUMPTIVE DISEASE FOR WORKERS'
5 COMPENSATION CLAIMS FOR CERTAIN DISEASES EXPERIENCED BY FIREFIGHTERS; PROVIDING
6 CONDITIONS AND A REBUTTABLE PRESUMPTION; AMENDING SECTIONS 39-71-116 AND 39-71-119,
7 MCA; AND PROVIDING AN EFFECTIVE DATE AND AN APPLICABILITY DATE."

8

9 WHEREAS, firefighters who respond to emergencies, including hazardous material incidents and fires
10 involving toxic substances, wear protective gear and take precautions but often have less than adequate
11 information about the dangers they may encounter; and

12 WHEREAS, a legislative fact sheet produced by the International Association of Fire Fighters for
13 congressional legislation introduced in 2009 for federal firefighters stated that heart disease, lung disease, cancer,
14 and infectious disease are among the leading causes of death and disability for firefighters, with studies having
15 linked these diseases to the occupational hazards of firefighting; and

16 WHEREAS, at least 46 states have recognized the potential relationship between certain diseases and
17 firefighting and other emergency situations by enacting presumptive disability laws so that firefighters and peace
18 officers can file claims under workers' compensation or disability retirement without lengthy and medically invasive
19 efforts to prove a connection between a disease and an accident or occupational hazard.

20

21 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MONTANA:

22

23 **Section 1.** Section 39-71-116, MCA, is amended to read:

- 30 construction or renovation site.

1 (9) (a) "Claims examiner" means an individual who, as a paid employee of the department, of a plan No.

7 (iv) determine survivor benefits.

8 (b) The term does not include an adjuster as defined in 33-17-102.

9 (10) "Days" means calendar days, unless otherwise specified.

22 minimizing recurrence of the clinical status.

24 process when further material improvement would not be reasonably expected from primary medical treatment.

25 (19) "Objective medical findings" means medical evidence, including range of motion, atrophy, muscle
26 strength, muscle spasm, or other diagnostic evidence, substantiated by clinical findings.

27 (20) (a) "Occupational disease" means harm, damage, or death arising out of or contracted in the course

10 available. This estimate must be adjusted by additional payment by the employer or refund by the department,
11 as the case may actually be, on December 31 of the current year. An employer's payroll must be computed by
12 calculating all wages, as defined in 39-71-123, that are paid by an employer.

13 (24) "Permanent partial disability" means a physical condition in which a worker, after reaching maximum
14 medical healing:

17 to work; and

18 (c) has an actual wage loss as a result of the injury.

19 (25) "Permanent total disability" means a physical condition resulting from injury as defined in this
20 chapter, after a worker reaches maximum medical healing, in which a worker does not have a reasonable
21 prospect of physically performing regular employment. Regular employment means work on a recurring basis

23 job openings is not a factor to be considered in determining if a worker is permanently totally disabled.

24 (26) "Presumptive disease" means an occupational disease affecting a firefighter who has met the criteria
25 in [section 2] and who through exposure to hazardous substances on the job has contracted a disease, including

7 reasonably safe for use for the particular purpose for which they are furnished.

8 ~~(30)~~(31) (a) "Secondary medical services" means those medical services or appliances that are
9 considered not medically necessary for medical stability. The services and appliances include but are not limited
10 to spas or hot tubs, work hardening, physical restoration programs and other restoration programs designed to
11 address disability and not impairment, or equipment offered by individuals, clinics, groups, hospitals, or
12 rehabilitation facilities.

13 (b) (i) As used in this subsection ~~(30)~~ (31), "disability" means a condition in which a worker's ability to
14 engage in gainful employment is diminished as a result of physical restrictions resulting from an injury. The
15 restrictions may be combined with factors, such as the worker's age, education, work history, and other factors
16 that affect the worker's ability to engage in gainful employment.

29 ~~(34)~~(35) "Temporary service contractor" means a person, firm, association, partnership, limited liability
30 company, or corporation conducting business that hires its own employees and assigns them to clients to fill a

1 work assignment with a finite ending date to support or supplement the client's workforce in situations resulting
2 from employee absences, skill shortages, seasonal workloads, and special assignments and projects.

3 ~~(35)~~(36) "Temporary total disability" means a physical condition resulting from an injury, as defined in this
4 chapter, that results in total loss of wages and exists until the injured worker reaches maximum medical healing.

5 ~~(36)~~(37) "Temporary worker" means a worker whose services are furnished to another on a part-time or
6 temporary basis to fill a work assignment with a finite ending date to support or supplement a workforce in

10 compensable injury and is:

22 ~~(38)~~(39) "Work-based learning activities" means job training and work experience conducted on the
23 premises of a business partner as a component of school-based learning activities authorized by an elementary,

27 **NEW SECTION. Section 2. Conditions for claiming presumptive disease -- rebuttable**
28 **presumption.** (1) A firefighter may file a claim under this chapter for a presumptive disease under the following
29 conditions:

30 (a) having undertaken a physical examination by a physician, physician assistant, or nurse practitioner

1 as a condition of employment, which physical examination:

2 (i) must include tests for presumptive diseases as applicable for each gender; and

3 (ii) did not reveal any evidence of the existence of a presumptive disease prior to employment; and

4 (b) having experienced the presumptive disease while on the job or within 60 months of the last day of
5 employment, except as provided in subsection (2).

6 (2) Subsection (1)(b) does not apply to the following:

7 (a) myocardial infarction, except if experienced within 72 hours of an incident qualifying as an accident
8 as described in 39-71-119(2);

9 (b) heart or lung disease if the firefighter is a regular user of tobacco products or has a history in the past
10 year of regular tobacco use;

11 (c) prostate cancer diagnosed after 50 years of age; or

12 (d) heart disease, lung disease, brain cancer, leukemia, non-Hodgkin's lymphoma, multiple myeloma,
13 malignant melanoma, colorectal cancer, prostate cancer, skin cancer, or testicular cancer, which may not be
14 considered presumptive diseases unless manifested in a firefighter who has served less than 5 years.

15 (3) (a) An insurer may rebut a presumptive disease claim by showing that the conditions of subsection
16 (1) were not met or that through a preponderance of medical evidence the primary cause of the presumptive
17 disease was not related to exposure from employment. The medical evidence may include but is not limited to
18 use of tobacco products, physical fitness and weight, lifestyle, hereditary factors, and exposure from
19 nonemployment activities.

20 (b) For the purposes of subsection (3)(a), "primary cause" has the meaning provided in 39-71-119.

21 (4) A presumptive disease applies only to benefits obtained under this chapter and not to claims filed
22 under Title 19.

6 (a) emotional or mental stress; or
7 (b) a nonphysical stimulus or activity.
8 (4) "Injury" or "injured" does not include a disease that is not caused by an accident.
- 9 (5) (a) Except as provided in subsection (5)(c), a cardiovascular, pulmonary, respiratory, or other
10 disease, cerebrovascular accident, or myocardial infarction suffered by a worker is an injury only if the accident
11 is the primary cause of the physical condition in relation to other factors contributing to the physical condition.
- 12 (b) "Primary cause", as used in subsection (5)(a), means a cause that, with a reasonable degree of
13 medical certainty, is responsible for more than 50% of the physical condition.
- 14 (c) For firefighters applying for benefits under this chapter, accidents may include incidents to which they
15 respond that involve exposure to a hazardous substance and to which the conditions of [section 2] apply."

16
17 **NEW SECTION. Section 4. Codification instruction.** [Section 2] is intended to be codified as an
18 integral part of Title 39, chapter 71, part 1, and the provisions of Title 39, chapter 71, part 1, apply to [section 2].
