However, any of the projects numbered 1 through 30 listed in subsection (3) that have not completed the conditions described in [section 4(1)] by January 1, 2013, must be reviewed by the next regular session of the legislature to determine if the authorized grant should be withdrawn.

On or before July 15, 2011, the department of commerce shall determine how much of the loan of \$6,512,000 authorized by subsection (6) of section 1, Chapter 458, Laws of 2009, was borrowed from the board of investments, how many projects satisfied the conditions described in subsection (1) of section 3, Chapter 458, Laws of 2009, the amount of the loan that will not be encumbered based on the inability of projects to satisfy the conditions, and the difference between the \$6,512,000 loan and the amount of the loan that will not be encumbered. The department shall report these findings to the board of investments, the legislative fiscal division, and the office of budget and program planning on or before July 19, 2011.

(2) The board of investments shall use the difference between the \$6,512,000 loan authorization and the amount of the loan authorization that will not be encumbered to determine the maximum level of debt service that may be required by the treasure state endowment program for fiscal years 2012 and 2013. For the purpose of this analysis, the board of investments shall assume that the amount reported by the department was an obligation of the treasure state endowment program on July 1, 2011, and the cost of the loan will be an obligation to the program. On or before August 1, 2011, the board of investments shall certify the resulting maximum level of debt service for fiscal years 2012 and 2013 to the department, the legislative fiscal division, and the office of budget and program planning.

(3) Subject to an appropriation limit, as provided in this subsection, if the maximum level of debt service for fiscal years 2012 and 2013 is less than \$840,000, then the difference between \$840,000 and the maximum level of debt service is appropriated from the treasure state endowment state special revenue account to the department of commerce to finance the grants authorized in [section 1]. The appropriation provided for in this subsection may not exceed \$840,000.

(4) If funds are appropriated in this section, they must be

used to increase the appropriation in [section 1(1)] for the purpose set forth in [section 1]."
