Subject: Vote no on Bill 198 - Protect and Preserve Our Constitutional Rights! Let the free market dictate use and value for land not government condensation.

Broadwater House Rep. Harry Klock - Republican:

Dear Mr. Klock,

I live in Broadwater County and I am asking that you oppose Bill #198. This House Bill threatens our Constitutional private property rights. It is a travesty to think that a small group of people could issue a certificate under the Major Facility Siting Act and the recipient would be given the power to condemn/confiscate private property using eminent domain. I urge you not to be a part of an attempt to FIX what one Canadian company spokesman said, that our legislators would accommodate for them this session. I pray that you will vow to protect and preserve private property rights to maintain Montanan's unique and important lifestyle as our founding fathers intended. Please Vote no on House Bill 198.

Respectfully,

William Petrovish
