(2) In addition to payment of any fees established in 87-2-113, 87-2-505, and 87-2-510, nonresidents applying to purchase a Class B-10 or Class B-11 license may purchase a preference point, upon payment of a nonrefundable \$50 fee, that gives an applicant who has more preference points priority to receive a Class B-10 or Class B-11 license over an applicant who has purchased fewer preference points.

(3) An applicant may:

(a) purchase only one preference point per license year; and
(b) purchase a preference point without applying for a Class B-10 or Class B-11 license. An applicant not applying for a Class B-10 or Class B-11 license may purchase a preference point only between July 1 and September 30 prior to the applicable license year. The department shall delete an applicant's accumulated preference points if the applicant does not apply for a Class B-10 or Class B-11 license for 2 consecutive years.

(5) The department shall issue 75% of the Class B-10 and Class B-11 licenses made available for purchase pursuant to 87-2-505 and 87-2-510 by drawings in which the licenses are awarded to applicants in the order of which applicants have purchased the greatest number of preference points. If the number of licenses to be issued under this subsection exceeds the number of applicants who have purchased preference points, the remaining licenses must be added to the licenses issued pursuant to subsection (6).

(6) The department shall issue 25% of the Class B-10 and Class B-11 licenses made available for purchase pursuant to 87-2-505 and 87-2-510 by drawings in which the licenses are awarded to applicants who have not purchased any preference points. If the number of licenses to be issued under this subsection exceeds the number of applicants who have not purchased preference points, the remaining licenses must be added to the licenses issued pursuant to subsection (5).

(7) Up to five applicants may apply as a party under this section. The department shall use an average of the number of preference points accumulated by those applicants to determine their priority in receiving licenses issued pursuant to subsection (5). The department shall consider any fraction that results from the calculation of an average when determining that priority."
