Dear Sirs and Madams: We, the below families, are using childcare at Greenwood Academy. We would like to tell you that we support the childcare rates to be maintained at the level they are, and we support the income levels to be maintained or reduced to fit more families. We do not want to have the budget cuts affect so many families as it will if it is cut. We struggle to make ends meet in this economy, and are getting paid less wages since the "economic climate" changed 18 months ago. Paying childcare is a burden that families struggle with daily, and we want to be sure you do not cut the funding for childcare, as it will only leave our provider and us in dire straights. The cost of running a quality program is higher each year, and freezing the rate does not allow for cost of living or increase of cost to the provider. My provider has 22 staff members that would be in jeopardy of loss of income, and families would be at loss of higher quality care.
