COMMENTS:

I was born in Helena and live now in Missoula, MT. I attended the city council hearing in Missoula last year that resulted in the passage of Missoula's ordinance prohibiting discrimination against members of the Lesbian, Gay, Bisexual, and Transgender communities. Members of my family belong to these communities, as do certain among my friends and neighbors in communities where I have lived across Montana, including Helena, Missoula, Bozeman, and Chateau, MT.

I oppose this bill because it would diminish equality in Montana, which more than any other principle is the seed of democracy.

I strongly urge the House Judiciary Committee to table HB514 and thus respect and uphold the right for local, municipal government to foster equality in communities across Montana.

COMMENTS:

Discrimination based upon sexual orientation or gender identity is an unfortunate pervasive reality in our society. Individuals are targeted and attacked based upon their sexual orientation or gender identity; they are attacked because who they loved. As I understand it, it is the role of the government to protect its people, even the politically unpopular ones. Montana has its Human Rights Act as a means to protect its people from discrimination of that. People, no matter their sexual orientation or gender identity, have rights recognized due to their status as human beings. This includes the human right to be free from discrimination based upon who they love. This discrimination exists. We've had several instances of hate crimes because of sexual orientation in Missoula, Montana. There are many more stories that have yet to be told due to fear of retaliation when the state currently offers no protection. This bill recognizes that all people have a right to be free from discrimination & to feel safe & respected & live in respectful communities. I urge the Committee to recognize that this bill is about respect & creating a safer Montana for every human being. Please show that Safe & respectful communities are a priority in Montana & support HB 514.

COMMENTS:

If it is not necessary to protect the LGBT community, I do not see what makes it necessary to exclude them from protection offered to all groups. It is certainly necessary in Missoula, and I have walked for the protests there, and seen the overwhelming support for our anti-discrimination bill. Why should the clear will of the people be ignored by this legislative body? The people of Missoula, by an overwhelming majority, have voted and demonstrated to protect our LGBT community members. Please respect our will in this matter and table this ignorant and misguided ordinance.

COMMENTS:

I am a gay college student who has experienced the stress of hiding my nature from my family. Now that I'm out, my mother and my relationship has never been better, but she lives every day terrified that I will not come home, having met my end at the hands of a hate crime. If I could choose to be straight, I would. I do not choose who I love. I cannot choose. I know that some day those like me will be accepted across the world. I also know that there are individuals opposed to change.

COMMENTS:

I am in full support of HB 514. I am originally from Glasgow MT and have experienced discrimination on almost a daily when I lived there. The news of the Missoula ordinence was a joyous occasion for me. Before I moved to the western side of the state I was always afraid to be fired, discriminated against, bullied for my sexual identity. This bill would be the begining of a great change for this state. and I hope to see it pass

COMMENTS:

I have lived my life in fear for things that I have no control over. I would strongly encourage an act that would protect my right to not be attacked, fired, etc for who I am. Sexual orientation is in desperate need of protection. It would have made my life much better. As an aside I wanted just add that sexual orientation protects both gay and straight people.

COMMENTS:

To hear anyone say that discrimination toward LGBT people does not exist speaks to a great ignorance. Discrimination is alive and well in all walks of life. Including those that affect our financial and emotional futures. As an open lesbian, I am terrified about entering the teaching profession. I do not want to be rejected from a job because of my sexual orientation, rather than a reason that actually pertains to my teaching ability. I am not the only person in this community who has these fears, but I firmly believe that none of us should. We need equality in jobs, housing, and all other aspects of our lives. Who we love and how we express our gender should not effect our rights.

COMMENTS:

As an individual of gender diversity and lesbian identity, I have faced discrimination solely based upon my identity. Furthermore, as the director of trans Montana I have witnessed discrimination of individuals of gender identity time and time again, many of which are afraid to report discrimination and physical and mental abuse they face both directly and indirectly on a daily basis because they do not want others in their communities to be aware of their transgender status.

COMMENTS:

I am here as a straight ally who believes deeply in Equality. My experience as a man with Tourette syndrome has given me a keen appreciation of how it feels to be treated differently for who you are. I know all too well how it can make you feel hopeless and angry. Unlike my LGBT friends and neighbors, I am protected under the law. All the Missoula ordinance does is offer them the same protections I currently enjoy as a disabled person. allow Missoula to protect ~~[illegible]~~ I have seen the great need for this bill when I hear about the harassment many have faced at work, and the fear many feel for their jobs. I urge the committee to support the Missoula ordinance and vote no on HB 516
