

SENATE FISH AND GAME

EXHIBIT NO. 2

DATE 2/1/11

BILL NO. SB 184

Mr. Chairman and Members of the Committee:

My name is Joelle Selk. I represent the Traditional Bowhunters of Montana. We enthusiastically support SB 184 as a welcome addition to Montana's bowhunting opportunities. Bowhunters using compounds, longbows, and recurves successfully harvest very large game animals such as bison in other states as well as internationally. I've included a number of photos along with my testimony as proof of the efficacy of bowhunters on very large game animals. Our membership respectfully requests your support of this bill.

Thank you,

A handwritten signature in cursive script that reads "Joelle Selk".
