DATE 3/28/11  
HB 490

TO: Senate Judiciary Committee

FR: Richard Boyd Roth

SU: The Person hood Amendment to the Montana Constitution, HB 490

We need 100 combined, **yes votes** in both houses. Today we have 65 yes votes from the House of Representative need a minimum of **35 yes votes** from the Senate.

In 1968 Barry Goldwater was running for U.S. President.

In 1968 I was active in Toastmasters International in Tacoma, WA. I had a high office position and my best officer friend was married, but he had no children. His wife asked me to come over to their home while he was away. I should have known better, single at that time and didn't. She wanted a child. She seduced me.

We went to my pastor Dr. Knute Lee., a WWII fighter pilot Ace. He told me to stop it, but wouldn't and she got pregnant. We were going to get married and announce it to my Toastmaster friends.

The more, I thought about this situation over during the summer months. The more I thought, the more I felt I could not afford her and the baby:

1. I asked her to get an abortion—legal
2. I asked her to pay the cost

I did not have the money. To date she is unable to have any more children.

Today, I put God first in my life, and rest on 1<sup>st</sup> John 1:9: "If we confess our sins, He is faithful and just to forgive our sins and to cleanse us from all unrighteousness." What is the opposite of unrighteousness? Righteousness which means to be in a right staying with God. You are forgiven.

I believe, that when the sperm and the egg come together at conception a real live person is created in the woman's womb.

I also believe, that I am a murderer. As God said in the TEN Commandments found in the Old Testament, in the Books of Exodus and Deuteronomy, thought shall not kill or murder. **Yes, I killed a real live person.**

God has given me, Today, **Peace of Mind.**
