Senate Local Govt. Comm.
Bill No. 21
Date 1-17-2011
Bill No. SB 117

Senator Shannon Augare, Senator Steve Gallus, Senator Lynda Moss and Senator Gene Vuckovich

Senate Bill #117, the Montana Coordination Act of 2011, is a critical "jobs and economy bill." Coordination between federal and local governments using existing laws: Federal Land Policy Management Act (FPLMA), National Environmental Act (NEA) and National Forest Management Act (NEMA) would be beneficial for the use and management of resources in Montana. The implementation of a coordination plan would strengthen local control and have a positive economic affect. Coordination empowers state agencies and local government and districts by establishing equal footing when interacting with federal agencies and departments. This government-to-government process levels the playing field and provides a means of protecting local sovereignty. I fully support SB117 and want to see it become Montana Law.
