

## 1 SENATE BILL NO. 212

2 INTRODUCED BY R. RIPLEY

3  
4 A BILL FOR AN ACT ENTITLED: "AN ACT CLARIFYING THE AUTHORITY OF THE DEPARTMENT OF FISH,  
5 WILDLIFE, AND PARKS TO MANAGE WILD BUFFALO OR BISON; ELIMINATING RULEMAKING AUTHORITY;  
6 REQUIRING A MANAGEMENT PLAN BEFORE WILD BUFFALO OR BISON MAY BE RELEASED OR  
7 TRANSPLANTED ONTO PRIVATE OR PUBLIC LAND; AMENDING SECTION 87-1-216, MCA; AND  
8 PROVIDING AN IMMEDIATE EFFECTIVE DATE."

9  
10 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MONTANA:

11  
12 **Section 1.** Section 87-1-216, MCA, is amended to read:  
13 **"87-1-216. Wild buffalo or bison as species in need of management -- policy -- department duties.**

14 (1) The legislature finds that significant potential exists for the spread of contagious disease to persons or  
15 livestock in Montana and for damage to persons and property by wild buffalo or bison. It is the purpose of this  
16 section:

17 (a) to designate publicly owned wild buffalo or bison originating from Yellowstone national park as a  
18 species requiring disease control;

19 (b) to designate other wild buffalo or bison as a species in need of management; and

20 (c) to set out specific duties for the department for management of the species.

21 (2) The department:

22 (a) is responsible for the management, including but not limited to public hunting, of wild buffalo or bison  
23 in this state that have not been exposed to or infected with a dangerous or contagious disease but may threaten  
24 persons or property;

25 (b) shall consult and coordinate with the department of livestock on implementation of the provisions of  
26 subsection (2)(a) to the extent necessary to ensure that wild buffalo or bison remain disease-free; and

27 (c) shall cooperate with the department of livestock in managing publicly owned wild buffalo or bison that  
28 enter the state on public or private land from a herd that is infected with a dangerous disease, as provided in  
29 81-2-120, under a plan approved by the governor. The department of livestock is authorized under the provisions  
30 of 81-2-120 to regulate publicly owned wild buffalo or bison in this state that pose a threat to persons or livestock

1 in Montana through the transmission of contagious disease. The department may, after agreement and  
2 authorization by the department of livestock, authorize the public hunting of wild buffalo or bison that have been  
3 exposed to or infected with a contagious disease, pursuant to 87-2-730.

4 ~~(3) The department may adopt rules with regard to wild buffalo or bison that have not been exposed to~~  
5 ~~or infected with a contagious disease but are in need of management because of potential damage to person or~~  
6 ~~property.~~

7 (3) Subject to subsection (6), the department shall develop and adopt a management plan before any  
8 wild buffalo or bison under the department's jurisdiction may be released or transplanted onto private or public  
9 land in Montana. A plan must include but is not limited to:

10 (a) measures to comply with any applicable animal health protocol required under Title 81, under  
11 subsection (2)(b), or by the state veterinarian;

12 (b) any animal identification and tracking protocol required by the department of livestock to identify the  
13 origin and track the movement of wild buffalo or bison for the purposes of subsections (2)(b) and (3)(c); and

14 (c) animal containment measures that ensure that any animal transplanted or released on private or  
15 public land will be contained in designated areas. Containment measures must include but are not limited to:

16 (i) any fencing required to prevent entry to private or public property where the presence of wild buffalo  
17 or bison is not authorized; and

18 (ii) contingency plans to expeditiously remove or relocate wild buffalo or bison that enter private or public  
19 property where the presence of the animals is not authorized.

20 (4) When developing a management plan in accordance with subsection (3), the department shall  
21 provide the opportunity for public comment and hold a public hearing in the affected county or counties. The  
22 department shall respond to all public comment received and publish a full record of the proceedings at any public  
23 hearing.

24 (5) The department is liable for all costs incurred and any damage to private property that occurs as a  
25 result of the department's failure to meet the requirements of subsection (3).

26 (6) The department may not release or transplant wild buffalo or bison on state or federal land in  
27 Montana if the relocation or transplantation would negatively affect any existing multiple use of the land, including  
28 livestock grazing.

29 ~~(4)(7)~~ When adopting and implementing rules regarding the special wild buffalo or bison license issued  
30 pursuant to 87-2-730, the department shall consult and cooperate with the department of livestock regarding

1 when and where public hunting may be allowed and the safe handling of wild buffalo or bison parts in order to  
2 minimize the potential for spreading any contagious disease to persons or to livestock."

3  
4 NEW SECTION. **Section 2. Severability.** If a part of [this act] is invalid, all valid parts that are severable  
5 from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part  
6 remains in effect in all valid applications that are severable from the invalid applications.

7  
8 NEW SECTION. **Section 3. Effective date.** [This act] is effective on passage and approval.
