Description of fiscal impact This legislation would affect the State Electrical Board and the Boards of Plumbing and Realty Regulation. Allowing the board to recover costs would help in the offset of expenses associated in pursuing cases of unlicensed practice that are born by a board's licensed members. There may be a slight increase in revenue to the boards and general fund if the boards are awarded penalties as provided in the legislation. It would be necessary to go through a budget cycle in order to experience the total impact of this bill both to revenue and expenditures.
