HB 439

Life Savers Animal Rescue
P. O. Box 643
Polson, MT 59860

February 20, 2013

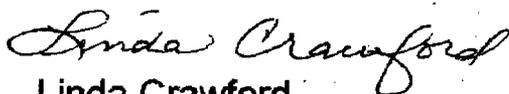

To: Montana Legislators

This is to advise you that Life Savers Animal Rescue is lending its support to HB #439.

Also to inform you that, as a small volunteer organization with no standing facility, we would be unable to house and care for a large number of animals. Therefore, keeping breeding facilities to a reasonable number of animals is in our best interest.

Let's not be the only State with an open door policy to puppy mills.

Sincerely,

Linda Crawford
Secretary/Treasurer
