HB 439

MISSION VALLEY ANIMAL SHELTER

P.O. Box 1644 🐾 Polson, MT 59860

February 20, 2013

To: Members of Legislature

I am writing to request your careful consideration of HB# 439: Commercial dog breeding licensing, the primary sponsor of which is Margaret McDonald.

MVAS is in favor of a mandatory dog breeding licensing bill.

Mission Valley Animal Shelter is a very small, privately funded animal shelter located on the Flathead Indian Reservation in Lake County. The only brick and mortar building animal shelter, between Missoula and Kalispell. We rely solely on the generous contributions of our supporters and we would be unable to house and care for a large number of animals all at one time.

We are asking that the breeding facilities be kept to a reasonable number of animals.

Sincerely,

A handwritten signature in cursive script that reads "Brenda Jones".

Brenda Jones
