This appropriation is intended to supplement, but not supplant, local funding for the program. The appropriation shall be allocated as follows:

- \$30,000 for propane and glass costs
- \$5,000 for reimbursement to schools traveling to Box Elder schools for participation in Fine Arts Glass Blowing classes.
- No administrative costs allowed

This motion includes the directive to staff to prepare the necessary decision package on the state budget system and HB2 language containing the appropriation restriction."
