

EXHIBIT 4  
DATE 3/15/2013  
SB 107

To: Chairman Kerns & Members of the House Judiciary Committee.

We are writing in support of SB 107. Subsection 21, of 45-2-101 MCA, has been found by the courts to be unconstitutional and therefore it only makes sense to remove this language from our laws. We believe this language is hurtful, insensitive and disrespectful to members of the LGBT community. They are valued members of our community and state, and deserve to be treated with respect. The current statute is degrading and demeaning to those individuals and needs to be amended.

This issue has come up time after time without resolution. On behalf of gay and straight Montanans, we urge you to pass Senate Bill 107 without delay.
