MEMORANDUM

To: Senator Bruce Tutvedt, Chairman, Senate Taxation Committee
Representative Mike Miller, Chairman, House Taxation Committee

From: Mike Kadas, Director *Mike Kadas*

Date: January 9, 2013

Congratulations to you both for your appointments to serve as the chairman of your respective taxation committee and on behalf of the Department of Revenue (DOR) we look forward to working with each of you and your members during the 2013 legislative session.

As you both know from prior sessions, DOR will assign staff to attend each of your committee meetings so that you will always have a direct communication opportunity to submit information requests to DOR on issues in front of your committees. While the staff that we have assigned will not be in a position to provide the data and information immediately, their charge is to promptly transmit your requests to our information request process so that you can get a timely and accurate response.

I am pleased to inform you of the following DOR staff assignments -

Attending Senate Taxation will be:

- Marilyn Murray, Human Resources Specialist
- Eric Dale, Management Analyst

Attending House Taxation will be:

- Emily Klungvedt, Management Analyst
- Bryce Kaatz, Management Analyst

Once Again, we look forward to working with you on taxation issues throughout the 2013 session and through these efforts our goal is to provide efficient and effective information to assist you in your decision making process.
