# Montana Sportsmen ALLIANCE

Voice of Reason on Montana Fish and Wildlife Issues

## THE MONTANA SPORTSMEN ALLIANCE SUPPORTS HB 444:

1. The number one issue for sportsmen is ACCESS. Improved access and additional access is critical for all Montana's residents.
2. There is a huge number of acres of public land currently inaccessible to the resident Montanan.
3. Landowners who allow access should be recognized.
4. This is one more tool in the toolbox to unlock Montana's public lands.
5. HB 444 is not dependent on funding from one user group.
