SENATE EDUCATION
EXHIBIT NO. 5
DATE 3/20/13
BILL NO. SR 33

Confirm Pat Williams

On Feburary 14, 2013, an online petition began circulating opposing the confirmation of Regent Pat Williams.

On February 25, 2013, a second online petition began circulating, on the same online platform, that supported the confirmation of Regent Pat Williams.

As of March 19, 2013, here is where things stand:

Confirm Regent Pat Williams

Pat Williams has spent his life and career fighting for a stronger education system in Montana. He has spent his life standing up for Montana students. And when our most vulnerable need a voice, Pat has always been there.

Pat believes our communities become stronger and that we make students safer by talking about and solving problems — not shying away from them.

As a former University of Montana student, faculty member and the parent of three University of Montana graduates, Pat has made every decision by asking what outcome will make the University of Montana a better place for students to grow and learn.

Because of this, we, the undersigned, support Pat Williams' confirmation to the Montana Board of Regents. We urge you to support his confirmation to the Montana Board of Regents.

Pat's commitment to the University of Montana is deep, genuine and unwavering.

Pat believes the University has begun making genuine reforms in beginning to heal the community of Missoula, the University of Montana and its athletic department. As that difficult process continues it will, as it already has, cause pain and difficulty in the short-term; but eventually our institution, our players, and our students will be the beneficiaries.

By any measure, Pat is eminently qualified to serve on the Montana Board of Regents. Pat chaired the Committee on Postsecondary Education in the U.S. Congress, served as a Trustee or Director on countless national Boards and has irreplaceable experience to offer the Regents and the university system as they chart a course forward for all Montana students.

Your signature below is a show of support not for just Pat Williams, but for a better University of Montana and a better education for our students:

* A Montana that encourages students, teachers, parents and those in leadership positions alike to speak up and speak out.

* A Montana that encourages students and their leaders to solve, not ignore, the challenges they will inevitably face.

* A Montana that always and only assumes we can and must do better.
