

SENATE JOURNAL  
JOURNAL NO. 0  
DATE 3/19/13  
17 March 2013 HB 497

To: Chair and Members of the Senate,

For the record I am Gayle Brown, I am a tenant in Bozeman, a Mom of a 6th grader who needs her sleep. My husband gets up early to go to work Mon. - Fri., my daughter and I to get her to school. We've been in the same place for over three years,

I was surprised to learn that we were on page 4 of this "Party" list. We haven't had a policeman come to our door, either as a complaint against us or for one made by us against a neighbor in the whole time we've been here, and yet we are on the list.

I've looked at this list and I've seen no way for me to get off, and that is a big concern to us. Please vote yes for HB 497. I went before the house with this concern, and if you want to see the video of my testimony I understand it is online for this bill as I could not be here today.

Thank you for your time,

Gayle Brown
