(2) A resident, as defined in 87-2-102, or a nonresident, who is 12 years of age or older or who will turn 12 years old before or during the season for which the license is issued and who possesses an unused Class A-5 resident elk tag license, an unused Class A-9 resident antlerless elk B tag license, an unused Class B-12 nonresident antlerless elk B tag license, or any unused nonresident elk tag license, may upon payment of a fee of \$10 receive a postseason management hunting season endorsement that entitles a holder who is 12 years of age or older to hunt antlerless elk and to possess the carcass of the elk as authorized by this section and department rules.

(3) The postseason population management hunting season:

- (a) must follow the big game hunting season by no less than 2 weeks;
- (b) may be conducted in hunting districts that are over population objectives for elk, as determined pursuant to 87-1-323, or when the department determines other circumstances warrant a greater harvest; and
- (c) may remain open until the population objectives for elk, as determined pursuant to 87-1-323, are met, but no later than February 15.

(4) Prior to July 1 of each year, the department shall report to the environmental quality council on the

Money collected or received from the sale of hunting and fishing licenses or permits, from the sale of seized game or hides, from fines or damages collected for violations of the fish and game laws, or from appropriations or received by the department from any other sources is under the control of the department and is available for appropriation to the department.

(4) The department may discharge any appointee or employee of the department for cause at any time.

(5) The department may dispose of all property owned by the state used for the protection, preservation, management, and propagation of fish, game, fur-bearing animals, and game and nongame birds that is of no further value or use to the state and shall turn over the proceeds from the sale to the state treasurer to be credited to the fish and game account in the state special revenue fund.

(8) The department is authorized to promulgate rules relative to tagging, possession, or transportation of bear within or outside of the state.

(9) (a) The department shall implement programs that:

(ii) manage listed species, sensitive species, or a species that is a potential candidate for listing under 87-5-107 or under the federal Endangered Species Act, 16 U.S.C. 1531, et seq., in a manner that assists in the maintenance or recovery of those species;

(iii) manage elk, deer, and antelope populations based on habitat estimates determined as provided in 87-1-322 and maintain elk, deer, and antelope population numbers at or below ~~population estimates~~ the sustainable population numbers as provided in 87-1-323. In implementing an elk management plan, the department shall, as necessary to achieve harvest and population objectives, request that land management agencies open public lands and public roads to public access during the big game hunting season.

(iv) in accordance with the forest management plan required by 87-1-622, address fire mitigation, pine beetle infestation, and wildlife habitat enhancement giving priority to forested lands in excess of 50 contiguous acres in any state park, fishing access site, or wildlife management area under the department's jurisdiction.

(b) In maintaining or recovering a listed species, a sensitive species, or a species that is a potential candidate for listing, the department shall seek, to the fullest extent possible, to balance maintenance or recovery of those species with the social and economic impacts of species maintenance or recovery.

(c) Any management plan developed by the department pursuant to this subsection (9) is subject to the requirements of Title 75, chapter 1, part 1.

(d) This subsection (9) does not affect the ownership or possession, as authorized under law, of a privately held listed species, a sensitive species, or a species that is a potential candidate for listing.

(10) The department shall publish an annual game count, estimating to the department's best ability the numbers of each species of game animal, as defined in 87-2-101, in the hunting districts and administrative regions of the state. The publication must include an explanation of the basis used in determining the game count.

(11) The department may not regulate the use or possession of firearms, firearm accessories, or

ammunition, including the chemical elements of ammunition used for hunting. This does not prevent:

- (a) the restriction of certain hunting seasons to the use of specified hunting arms, such as the establishment of special archery seasons;
- (b) for human safety, the restriction of certain areas to the use of only specified hunting arms, including bows and arrows, traditional handguns, and muzzleloading rifles;

(4) (a) The commission may adopt rules regarding nonresident big game combination licenses to:

(i) separate deer licenses from nonresident elk combination licenses;

(a) the restriction of certain hunting seasons to the use of specified hunting arms, such as the establishment of special archery seasons;

(b) for human safety, the restriction of certain areas to the use of only specified hunting arms, including bows and arrows, traditional handguns, and muzzleloading rifles;

Section 8. Section 87-2-501, MCA, is amended to read:

"87-2-501. Class A-3, A-4, A-5, A-6, A-7, A-9--resident deer, elk, and bear licenses -- special Class A-7 resident and nonresident license requirements and preference -- fees. (1) Except as otherwise provided in this chapter, a resident, as defined by 87-2-102, or a nonresident who wishes to purchase a Class A-7 elk license only and who is 12 years of age or older or who will turn 12 years old before or during the season for which the license is issued, upon payment of the proper fee or fees, is entitled to purchase one each of the following licenses at the prescribed cost that will entitle a holder who is 12 years of age or older to hunt the game animal or animals authorized by the license held and to possess the carcasses of those game animals as authorized by department rules:

A person holding a Class A-7 antlerless elk tag may not take an elk during the same license year with a Class A-5 license or nonresident elk tag. (a) is nontransferable and may not be sold; and

(b) may only be used for hunting conducted on property that is opened to public access pursuant to this section.

(5) The department may prioritize distribution of the permits according to the areas the department determines are most in need of management.

(6) If the department determines that a landowner or landowner's designee has not abided by the restrictions and conditions of a permit issued pursuant to this section, that landowner or landowner's designee is not eligible to receive another permit pursuant to this section during any subsequent license year.

(7) The department, through the commission, may authorize the issuance of permits under this section to a landowner who enters into a contractual public elk hunting access agreement with the department that defines the areas that will be open to public elk hunting, the number of public elk hunting days that will be allowed on the property, and other factors that the department and the landowner consider necessary for the proper management of elk on the landowner's property."

Section 10. Codification instruction. [Section 1] is intended to be codified as an integral part of Title 87, chapter 1, part 3, and the provisions of Title 87, chapter 1, part 3, apply to [section 1].
