Expenditures:				
General Fund	\$0	\$0	\$0	\$0
Revenue:				
General Fund	\$0	\$0	\$0	\$0
Net Impact-General Fund Balance:	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>

Description of fiscal impact: This bill has no fiscal impact to the state.

FISCAL ANALYSIS

Assumptions:

- SB 217 revises the rule making authority of the Office of Vital Records and requires that information collected for medical, health, or administrative use is optional and may only be collected after securing the parent's consent. The department does not anticipate additional costs as a result of this bill.

Technical Notes:

- 42 UCC 666(a)(13) requires the collection of a social security number on a paternity determination or acknowledgement. A birth record may be considered a paternity acknowledgment when the child is born during a marriage.
- 42 USC 405(c)(2)(C)(ii) requires the collection of a social security number for each parent in any law involving the issuance of a birth certificate. The social security numbers are not to be recorded on the birth

certificate itself, but collected. This section further requires the state agency responsible for issuance of birth certificates to furnish the social security numbers to the State's Title IV-D agency for purposes of child support enforcement.
