HB 328

1. HB 328 would undo the rights afforded under the Baxter Decision and would deny a patient's rights to autonomy, violate their privacy, and offend their dignity.
2. HB 328 would impose the ideology of the religious right on all Montanans.
3. Government should not interfere with a patient's right to make their end-of-life decisions.
4. I strongly urge a NO vote on HB 328.
