

PETITION IN SUPPORT OF REP BOB BROWN'S HOUSE BILL HB427

WHEREAS, none of the serious issues with the CSKT water compact were addressed in earnest during the past two years,

WHEREAS, the state of Montana is responsible to affirmatively, fairly, and assertively protect and defend the water and property rights of Montanans against the aggressive threatened claims by the Confederated Salish and Kootenai tribes,

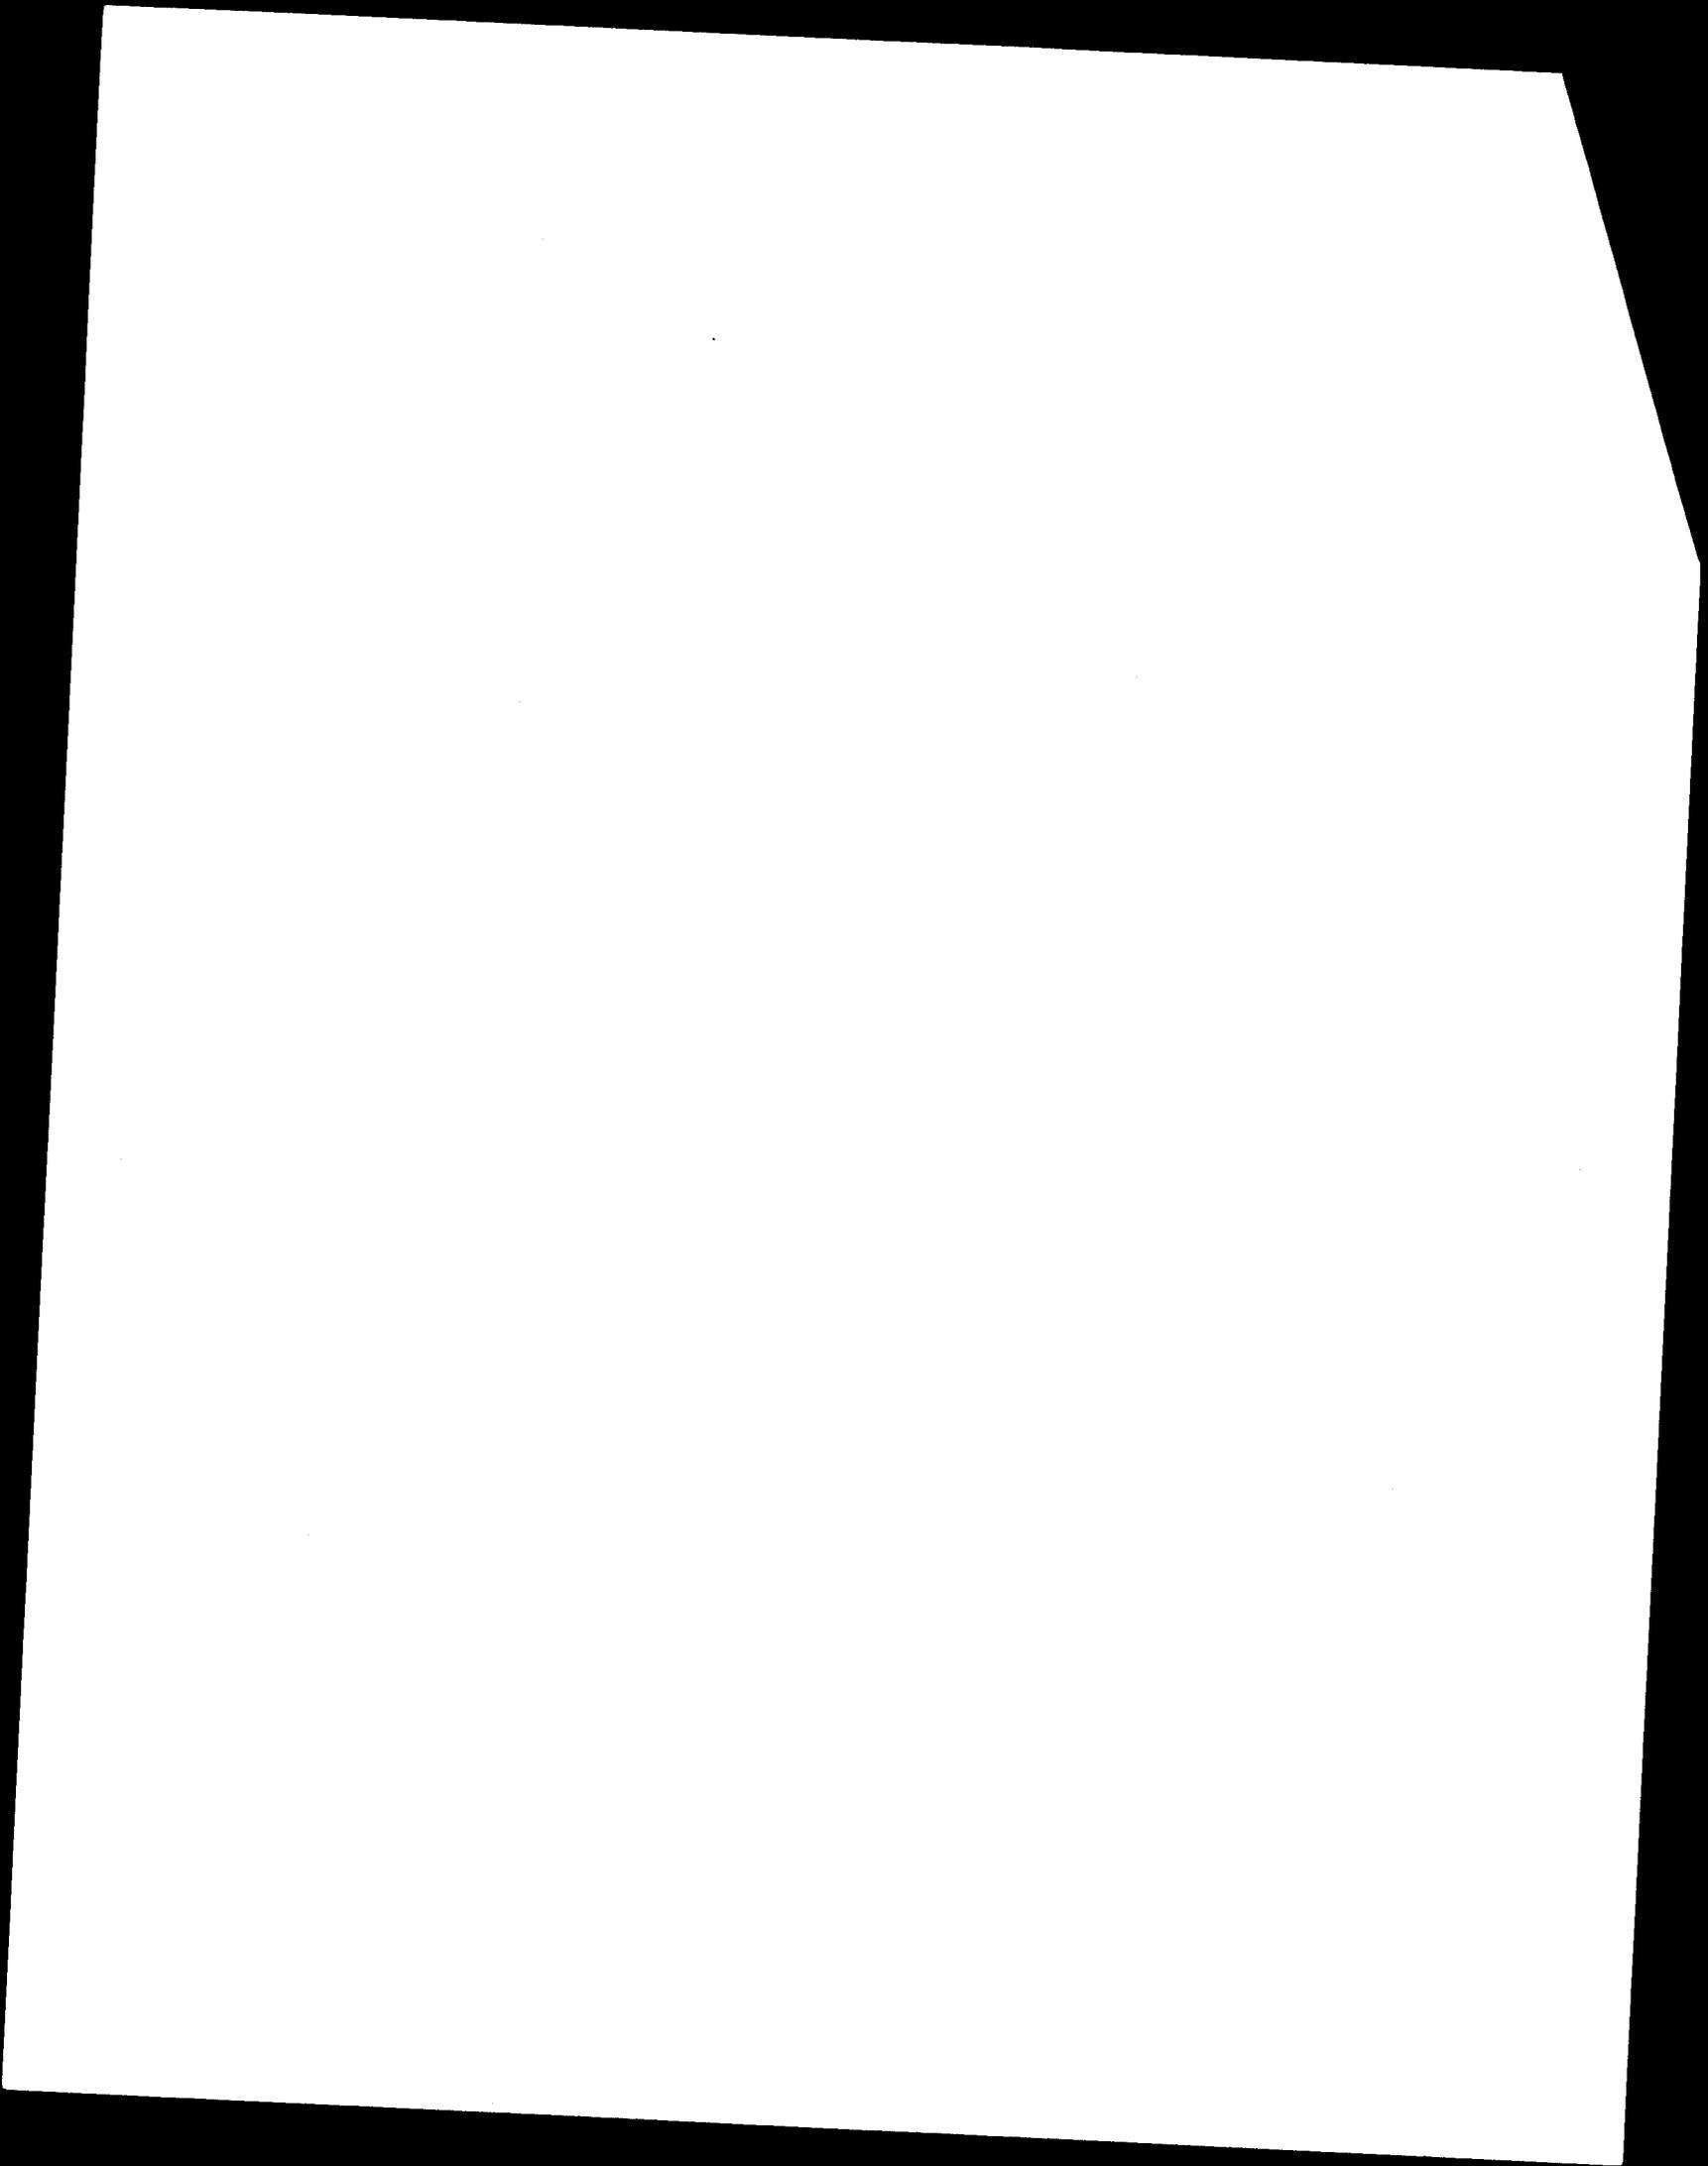

WHEREAS, no legislator should vote for the Confederated Salish and Kootenai tribes water compact based upon threats of 10,000 claims being made all across the state of Montana,

WHEREAS, the Confederated Salish and Kootenai tribes have filed a very aggressive lawsuit claiming ownership of all the water and lands within the exterior boundaries of the reservation, including the property of 23,000 non-Indians,

WHEREAS, negotiations have clearly failed to provide a fair and equitable settlement and the time has come for the CSKT to file their claims in the Montana water court,

THEREFORE, I (we) support Representative Bob Brown's HB427, an act to provide funding and assist in the defense of water rights throughout the state of Montana from competing and threatened aggressive claims of the CSKT.
