

Peggy Ames Nerud was appointed to BOGC after the 2013 session was over and now needs confirmation to complete her term on the board. Peggy has read the laws pertaining to BOGC's responsibilities, faithfully attends the meetings, asks good questions, respectfully listens to the views of others, and votes her conscience. Therefore, I would respectfully ask the Senate Energy and Telecommunications Committee to confirm her appointment.

Thank you for your consideration.

Linda Nelson

BOGC Chair
