This section limits contributions for group benefits only to the extent needed to avoid triggering the excise tax under 26 U.S.C. 4980I.

(e) If a state employee is terminated to achieve a reduction in force, the continuation of contributions for group benefits beyond the termination date is subject to negotiation under 39-31-305 and to the protections of 2-18-1205. (iii) If a political subdivision has made contributions for group benefits but has not previously levied for contributions in excess of the base contribution, the political subdivision's base is determined by multiplying the average annual contribution for each employee at the beginning of the fiscal year immediately preceding the year in which the levy will first be levied times the number of employees for whom the employer made contributions for group benefits under 2-9-212 in that fiscal year.

(5) Unused employer contributions for any state employee must be transferred to an account established for this purpose by the department of administration and upon transfer may be used to offset losses occurring to the group of which the employee is eligible to be a member.
