BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MONTANA:

NEW SECTION. Section 1. Postseason elk population management hunting season. (1) The

(3) The postseason population management hunting season:

(a) must follow the big game hunting season by no less than 2 weeks;

(b) may be conducted in hunting districts that are over population objectives for elk, as determined pursuant to 87-1-323, or when the department determines other circumstances warrant a greater harvest; and

(c) may remain open until the population objectives for elk, as determined pursuant to 87-1-323, are met, but no later than February 15.

Section 2. Section 87-1-201, MCA, is amended to read:

21 numbers of each species of game animal, as defined in 87-2-101, in the hunting districts and administrative
22 regions of the state. In preparing the publication, the department may incorporate field observations, hunter
23 reporting statistics, or any other suitable method of determining game numbers. The publication must include an
24 explanation of the basis used in determining the game count.

25 (11) The department may not regulate the use or possession of firearms, firearm accessories, or
26 ammunition, including the chemical elements of ammunition used for hunting. This does not prevent:

24 landowner" means the owner of land that provides some significant habitat benefit for wildlife, as determined by
25 the commission.

14 section. The department may issue elk permits to the public, at regular cost and in the number authorized in
15 subsection (3), for hunting on the property of a landowner who opens property for public elk hunting for wildlife

29 more than 20% of permits issued pursuant to this section may be issued at no cost to a landowner, an immediate
30 family member of a landowner, or an authorized full-time employee of a landowner. The remaining permits must

1 be issued to the public on a first-come, first-served basis.

2 (4) A permit issued pursuant to this section:

3 (a) is nontransferable and may not be sold; and

4 (b) may only be used for hunting conducted on property that is opened to public access pursuant to this
5 section.

6 (5) The department may prioritize distribution of the permits according to the areas the department
7 determines are most in need of management.

8 (6) If the department determines that a landowner or landowner's designee has not abided by the
9 restrictions and conditions of a permit issued pursuant to this section, that landowner or landowner's designee
10 is not eligible to receive another permit pursuant to this section during any subsequent license year.
