

LEGISLATIVE PRINTING AND DISTRIBUTION  
ANALYSIS OF PREPAID SUBSCRIPTION PRICES  
FOR 2013 SESSION

	<u>2013 Price for Subscription</u>	<u>Actual Cost of Printing--2013 @.045/impress.</u>	<u>Estimated cost of Printing in 2015 @ .048/impress.</u>
Status Sheets Daily	\$200.00	\$132.00	\$142.00
Status Sheets Weekly	\$ 60.00	\$ 30.00	\$ 32.00
Daily Journals	\$200.00	\$160.00	\$172.00
Set of Bills Only	\$1475.00	\$1350.00	\$1441.00

The cost of printing a complete set of proceedings in 2013 stayed about the same as the previous session in spite of the price increase. I believe that was due to a smaller number of large bills last session. Therefore we charged a little too much last session. So even though there will be a price increase of approx. 6.7 % in 2015 session, I believe we can still reduce the cost of some of the subscriptions by a little bit. We saved a lot on printing of status sheets by printing them only 5 days per week instead of 6, and had no complaints, so will continue to do that and can reduce the price accordingly. If we leave the cost for a set of bills the same, we allow a little cushion in case of a large number of bills this session.

Therefore, I would recommend the following prices for the 2015 Leg. Session:

Status sheet Daily:     \$ 150.00  
 Status sheets Weekly:   \$ 40.00  
 Daily Journals:         \$ 180.00  
 Set of Bills Only:       \$ 1475.00
