

Timeline for EAIC audio for July 9, 2009, meeting

Each Economic Affairs Interim Committee meeting in the Capitol has an audio recording that is broadcast in real time and that is preserved for the record. The meetings also have written minutes that incorporate a timeline that can be used as a guide to the audio minutes. The timeline below and the timeline in the written minutes may differ slightly in their exact time references (due to technology issues), but each are available as guides for the audio minutes.

You can access the recording from the EAIC website by clicking on Listen for the July 9, 2009, meeting. You must have RealPlayer installed on your computer to listen to the file. It may take awhile to download the complete file. Once downloaded, the file's topics can be accessed by moving the clip position button to a specific point in the timeline.

Start	to	0:07.35	Greetings and Introductions
		0:08.32	Adoption of minutes from last interim meeting
