**Subject:** SAVA committee this morning

Megan - I had intended to be present at the SAVA committee this morning during the public testimony portion on the work plan. I can make it if it is necessary but I have a very bad cold and prefer not to spread this dreadful stuff.

I just wish to convey to the committee that the Montana Association of Clerks and Recorders and Election Administrators stands ready to assist the committee and its staff in its study of the potential combination of primary and school elections.

Could you note this communication for the record, please?

During the previous legislative session MACR identified technical problems in a bill to combine the elections and we testified against the bill. However at the time, we volunteered to assist during the interim to try to resolve the problems we identified. The MACR stands ready to assist the committee and its staff in any way in which we can be helpful.

Thanks!

Linda Stoll, Lobbyist  
Montana Association of Clerks and Recorders & Election Administrators
