

**STATEMENT TO THE MONTANA LEGISLATURE**  
**RELATED TO THE FLATHEAD RESERVATION UNITARY MANAGEMENT ORDINANCE**

I do not support the proposed Flathead Water Compact and the Unitary Management Ordinance because they require the State to relinquish its constitutional duty and statutory authority to manage state water rights and resources, and place state citizens under the jurisdiction of a government within which they have no vote or representation.

I will not support any document that removes myself, my family or my neighbors out from under the protection of the state of Montana for my water needs, or violates the equal protection guarantees of the United States and Montana Constitutions.
