

# Montana Bureau of Mines and Geology "the Bureau"

## Geology

Coop Mapping Program  
 Earthquake Studies Office  
 Coalbed Methane  
 Petroleum  
 Geothermal  
 Sand and Gravel

## Environmental Studies

Superfund  
 NRDA  
 USFS/BLM AIM-AIP

## Mining and Minerals

Small Miners Program  
 Mineral Museum  
 Data Preservation  
 Economic Geology  
 Coal availability, UCG

## Ground Water Monitoring

GWAMON  
 Superfund  
 YNP CGWA  
 Coal lands / CBM

## Ground Water Studies

GWAP  
 GWIP  
 State Programs  
 NPS  
 USFS  
 INL

## Publications / GIS / GWIC

traditional / historic  
 online / digital  
 maps and reports  
 wells

## Research Analytical Labs

inorganic  
 organic  
 isotopes (with MTech)

...~65 professionals & staff, ~30 students...

...a non-regulatory research agency within the MUS and the state geological survey
