Morning, Mr. Chairman,

I ask to be excused from tomorrow's committee meeting because of illness. I came down with a bad cold last night and can barely hold up my head. Unfortunately, I have a history of winter colds turning into bronchitis or pneumonia, so best not to risk it. And I think it would be most rude to "share" my crud with all of you.

I will be watching on TV and Senator Caferro has my proxy if needed.

My apologies to all.

Diane
