I, JORDAN G. COSTELLO of Great Falls, MT have decided to write a statement as to my knowledge of corruption within the Great Falls Department Of family services office. I have a direct connection to Cory Costello - she is my AUNT. I have known her for 26 years. My statement is as follows: I am aware of Cory Costello's use of Marijuana. I have personally made her "marijuana brownies" -she keeps them in her freezer. She not only eats them herself but she shares them with her minor nephew Chaz". I am also aware of a photo taken with her in the photo using such drugs. I am also aware of the fact that Cory Costello is a mandatory reporter, she had full knowledge of the methenphetamine use by my aunt Myra Costello while her minor son resided in the home. Cory Costello never reported this to the authorities or to the Child protection office as a concerned family member or as a mandatory reporter for the state of montana. Cory was also aware of the less than habitable living conditions my aunt Myra and minor cousin "chaz" were living in. the toilet didn't work, there was no water, molded dirty dishes piled up - I personally had to clean her home multiple times. Cory was aware of all of this and still never did anything to get my minor cousin out of the situation or report her for neglect. Following my aunt Myra's death, I had to clean the home again as it was disgusting. Later on it was brought to my attention by my brother and parents that Cory Costello approached them with information about a case my girlfriend Kristine Hightower previously had with the department - a clear violation of confidentiality. Cory told my parents not to trust her and not to let her in their home causing an issue in my family. I found out this was because my girlfriend had information on Cory that could jeopardize her job and so she attempted to deface her first. I believe my aunt Cory is in the wrong for having the ability to remove children from families with drug problems and housing issues because she had that going on in our family and didn't do anything about it. She hid it from her employees, the community, and most of all judged others for their hardships. Everything in this statement is true to the best of my ability and my motive it to bring light to the corruption of the great falls DFS office so that there arent anymore broken families or repeat October Perez cases.
