TREAD LIGHTLY!

Travel only where motorized vehicles are permitted.

Respect the rights of hikers, horseback riders, skiers, campers and others so they can enjoy their activities undisturbed.

Educate yourself. Obtain Visitor Maps and regulations from public agencies, comply with signs and barriers, and *ask owners' permission to cross private property.*

Avoid streams, lakeshores, meadows, muddy roads and trails, steep hillsides, wildlife and livestock.

Drive responsibly to protect the environment and preserve opportunities to enjoy your vehicle on wildlands.

BACK COUNTRY TRAVELERS MAY ENCOUNTER A VARIETY OF DANGEROUS CONDITIONS. IT IS YOUR RESPONSIBILITY TO INFORM YOURSELF ABOUT THESE INHERENT RISKS AND TAKE APPROPRIATE PRECAUTIONS.

WHY IS THIS ROAD OR TRAIL CLOSED?

There are a number of reasons some modes of travel are restricted on public lands. These are not always well understood, particularly if encountered unexpectedly. Here are the reasons for them.

Wildlife Habitat Protection - Many closures are designed to protect critical areas where big game animals live. These areas are sensitive and often include winter ranges, calving grounds, or security areas. Many areas are closed only seasonally and are often open to vehicle use during other times, when big game are less likely to be disturbed. On lakes, wake action and noise from motorboats can be detrimental to aquatic life and shoal areas. The Montana Department of Fish, Wildlife and Parks is a cooperator in this protection.

Water Quality and Erosion Control - Some roads and trails are closed during wet weather to prevent rutting and other road bed damage. Closures are designed to reduce erosion and the sediment transported to streams. Sediment is a serious threat to trout spawning and rearing grounds. Also, road maintenance costs can be substantially reduced when roads and trails are closed during wet conditions.

Recreation - Some restrictions are to provide an opportunity for certain types of recreation experiences, such as a walk-in hunting area or quiet trails.

Public Safety - In some instances, certain types of travel are prohibited to insure user safety. Even so, caution should be used on every route because many receive heavy traffic, others are located on steep hillsides or are slippery when wet. Some routes have logging truck and other heavy equipment use.

Legal Mandates - Some areas such as wildernesses, have special protection by Federal law. For example, it is unlawful to have possession or operate any motorized/mechanized equipment within a classified wilderness area (36 CFR 261.16, 293.17. and 261.19 USC 551).

TRAVEL GUIDE LEGEND

Types of vehicles and time periods of restrictions are listed in the DESIGNATIONS AND RESTRICTIONS

- **Designated road open yearlong.** Road open yearlong to all motorized vehicles in an otherwise restricted area.
- **Designated trail open yearlong.** Trail open yearlong to vehicles in an otherwise restricted area.
- **Designated road with restrictions.** Road closed seasonally or yearlong. May also be a designated road closed seasonally in an otherwise closed or restricted area.
- **Designated trail with restrictions.** Trail closed seasonally or yearlong.
- **Restricted area boundary**
- **1** **Restricted area reference**
- **0** **Area open to off-route travel on National Forest and BLM Lands.**
- **1** **Road or trail restriction reference**
- **Primary access route to public lands**
- **Barrier or locked gate**
- **Designates a change in restriction on the same route**

DESIGNATIONS AND RESTRICTIONS

The following routes and areas are closed to vehicle travel during the time periods shown. The route restrictions are expressed on the map as solid or dashed red lines. The restricted areas are outlined in purple.

Routes within restricted areas that are open for travel are shown in green or red on the map. GREEN ROUTES - No travel off route during periods shown below. RED ROUTES - Travel restricted during the dates shown below.

Road/Trail	Area	Restriction Purpose
1	1	Yearlong / Yearlong / Yearlong / Yearlong — Wilderness or Natural Area, Wildlife Security, Winter Game Range, Elk Calving, Erosion Control, Swan Nesting, Noxious Weeds, Safety
2	2	Dec. 2-May 15 / Dec. 2-May 15 / Dec. 2-May 15 / Dec. 2-May 15 — Conflict of Use, Winter Game Range, Waterfowl Nesting
	4	Yearlong / Yearlong / Yearlong / No Restrictions — Erosion Control, Wilderness Study Area Protection
5	5	Oct. 15-May 15 / Oct. 15-May 15 / Oct. 15-May 15 / Oct. 15-May 15 — Wildlife Security, Conflict of Use, Winter Game Range
6		Apr. 1-July 1 / Apr. 1-July 1 / Apr. 1-July 1 / No Restrictions — Erosion Control, Elk Calving
	8	Yearlong / Yearlong / Yearlong / May 15-Dec. 1 — Erosion Control, Fall Wildlife Security, Summer Elk Range, Conflict of Use
9		Oct. 15-Dec. 1 / Oct. 15-Dec. 1 / Oct. 15-Dec. 1 / Oct. 15-Dec. 1 — Wildlife Security
10		Lake closed to all gasoline motors. — Conflict of Use, Aquatic Habitat
11		*Yearlong / *Yearlong / *Yearlong / *Yearlong — Wildlife Security, Winter Game Range, Elk Calving
*Area restriction with seasonal designated routes. Entire area, including designated routes, is closed to all unauthorized travel. Unauthorized travel includes, but is not limited to: foot, horseback and cross-country skis, from Dec. 2-May 15.		
13		Yearlong / Yearlong / No Restrictions / No Restrictions — Erosion Control, Conflict of Use
	14	Motorboat use restricted to "No Wake" speed.

27		Sept. 1-Dec. 1 / Sept. 1-Dec. 1 / Sept. 1-Dec. 1 / Sept. 1-Dec. 1 — Hunting Recreation Opportunity
28		Dec. 2-May 15** / Dec. 2-May 15** / Dec. 2-May 15** / Yearlong** — Waterfowl Nesting
29		Yearlong / Sept. 10-May 15 / Sept. 10-May 15 / Yearlong — Wildlife Security, Winter Game Range, Erosion Control
30		Yearlong / Yearlong / Sept. 10-Dec. 1 / Sept. 10-Dec.1 — Wildlife Security, Erosion Control, Conflict of Interest
32		Yearlong / Sept. 10-June 1 / Sept. 10-June 1 / May 15-Dec. 1 — Erosion Control, Wildlife Security
34		Yearlong / May 1-July 15 / May 1-July15 / May 1-July 15 — Mountain Goat Kidding
ALSO CLOSED TO FOOT AND HORSE TRAFFIC MAY 1-JULY 15		

** Vehicles must be "Street Legal" on Red Rock Lakes National Wildlife Refuge

SPECIAL RESTRICTIONS

The above restrictions are invoked on National Forest lands pursuant to authority in 36 CFR 261.50, on Bureau of Land Management lands pursuant to authority in 43 CFR 8342.1, and on National Wildlife Refuge lands pursuant to 50 CFR 26.21 (a). Copies of the restriction orders are on file at the Ranger District and Supervisor's offices of the Beaverhead-Deerlodge National Forest, the Dillon Resource Area and Headwaters Resource Area offices of the Bureau of Land Management, and Red Rock Lakes Refuge in Lakeview.

REPORT VIOLATIONS

Report fish and game and travel guide violations to Montana Department of Fish, Wildlife and Parks in Helena, (toll-free), 1-800-332-6117, or to any cooperating agency office.

Due to its wilderness study status, motorized vehicle travel outside of the closure period is restricted to existing roads and trails in area 5, east of the Price Creek Road.

Some areas, roads, and trails on the Gallatin, Bitterroot, Targhee and Salmon National Forests and the Salmon District of the Bureau of Land Management are closed on a seasonal or yearlong basis. Please contact the respective agency office for information.

Access to Agricultural Research Service (ARS) administered lands in Montana is across lands administered by the Targhee National Forest. For information, call the Sheep Experiment Station headquarters at Dubois, Idaho, (208) 374-5307, or the Island Park (Idaho) Ranger District office at (208) 558-7301.

ARS sheep flocks carry a disease organism that can be passed to humans using the area. The Q-Fever disease can be serious for persons with heart conditions and women of child bearing age.

The ARS Sheep Experiment Station has trained dogs guarding the sheep and these dogs are trained to protect the sheep from anything they perceive as a threat to the flock. They can cause harm to people or their pets.

Guarding Dogs Protect Sheep from Predators

FOREST SERVICE MAP
Constructed in 1994 by the USDA Forest Service, Geometronics Service Center, Salt Lake City, Utah from Forest Service Primary Base Series, U.S. Geological Survey quadrangle maps, and review by the Northern Region. Ownership information for non-forest lands is provided by the cooperators. The designation of public lands does not imply the right of access.

1927 North American datum
Universal Transverse Mercator grid, Zone 12, 10,000 meters
Longitude west from Greenwich

OPERATING CONDITIONS

Off-road vehicle travel is one of the many uses of public lands and can, when improperly done, damage the resources of these lands. A Montana OHV decal is required for trail and off-road use on public lands. The following are prohibited on National Forest and Bureau of Land Management lands and enforced under Titles 36 and 43, Code of Federal Regulations.

(a) Operating any vehicle, including any off-road vehicle:
- (1) without a valid State operator's license where required by law;
- (2) without an operable braking system, or a properly installed and working exhaust system;
- (3) from one-half hour after sunset to one-half hour before sunrise unless equipped with working head and tail lights;
- (4) in violation of any applicable noise emission standard established by any Federal or State agency.

(b) Driving any vehicle, including "off-road" vehicle
- (1) in excess of posted speeds;
- (2) while under the influence of alcohol or other drug;
- (3) in a manner that creates excessive or unusual noise or smoke;
- (4) carelessly and without regard for the safety of others;
- (5) in a manner that endangers, or is likely to endanger, any person or property;
- (6) in a manner creating excessive damage or disturbance of the land, wildlife, vegetative, or cultural resource.

(c) Operating or parking any vehicle in developed recreation sites:
- (1) in places not developed for this purpose;
- (2) for any purpose other than entering or leaving the site;
- (3) on a trail unless designated for this use;
- (4) in a manner which creates excessive or unusual noise, or annoying smoke or dust.

TEMPORARY CLOSURES AND CURRENCY OF INFORMATION
Additional temporary controls may be established when use would damage resources or be hazardous. Public notice of temporary restrictions will be available at public land management offices having jurisdiction of the areas or routes. These area/routes will be posted on the ground and/or gated when restrictions are in effect.

TEMPORARY EXCEPTIONS
Except in the Gravelly-Snowcrest Mountain Ranges and on State Trust lands, direct access to temporary sites within 300 feet of a designated route is permitted for the purpose of camping, parking, fuelwood gathering, and other recreational purposes, unless otherwise posted as closed. On **National Forest Land in the Gravelly-Snowcrest Ranges motorized access to temporary sites is allowed only where posted as open.**

When a designated route becomes impassible due to natural causes such as snowdrifts, mud, and earth slides, the route will be considered closed to motorized vehicles that cannot negotiate the obstacle. To leave the route with the purpose of driving around the obstacle or to parallel the established route is prohibited. When accessing a temporary site, driving through soft wet meadows, steep slopes, cutting trees or brush, or causing rutting and erosion with a motorized vehicle is prohibited.

Temporary exceptions to these travel restrictions are any Federal, State, or local officer, or member of an organized rescue or firefighting force in the performance of official duties, and any vehicle use which is expressly authorized by a public land management agency under a permit, license, or contract.

RECREATIONAL USE OF STATE TRUST LANDS
A Recreation Use License, available from vendors of hunting and fishing licenses, is required to hunt and fish on State Trust Lands. A "Special" Recreational Use License, issued by the Montana Department of natural Resources and Conservation (DNRC), is required for, (1) commercial recreation use (such as outfitting) and (2) noncommercial recreational activities by groups/organizations. **Use of designated roads is limited to licensed recreational activities as noted above and off-road motorized vehicle use is strictly prohibited.** Other use of these lands, including road use, require issuance of a land use license or easement by DNRC.

SPECIAL CONDITIONS

ACCESS FOR HUNTERS WITH DISABILITIES
Selected areas that have motorized restrictions will be open to vehicle access for hunters with disabilities. The purpose is to give these hunters equal opportunities to hunt in areas that generally hold more game. Designated disabled access areas may vary from year to year. Please contact any public land agency office for information.

DURING FOREST FIRE SEASON
The fire season in Montana is from May 1 to September 30 for both state owned and Federal land.

Persons are required to have a shovel and bucket when lighting warming or camp fires in areas other than designated, improved campgrounds.

Motorcycles and packtrains must carry a shovel and bucket, unless traveling on federal or state highways, or paved public roads.

Power saw operators must have an eight-ounce, liquid-chemical or one-pound, dry chemical fire extinguisher and a shovel in his/her immediate possession. The saw must, also, have a screen type spark arrester installed.

All vehicles must be equipped with baffle-type mufflers and tailpipes or serviceable Forest Service-approved spark arresters.

OTHER ROUTES NOT SHOWN ON MAP
Some roads on National Forest lands may not be shown on this map. If they have locked gates, barriers or route closure devices on them, they are closed to all motor vehicles unless otherwise signed.

GAME RETRIEVAL
Persons may not travel in violation of designated travel restrictions on public lands managed by agencies participating in this map to retrieve downed game. Contact the appropriate Forest Service office for restrictions on adjacent National Forest land not covered by this guide. Consult the Montana big game hunting regulations for game retrieval provisions on state and private land.

SNOWMOBILES
Snowmobiles should not be operated on plowed roads. If necessary to cross one with a snowmobile, do so at a right angle at a place with good sight distance. Please avoid driving on or across a set cross-country ski track.

WILDERNESS
Bicycles and hang gliders are prohibited in wilderness areas.

WEED SEED FREE FORAGE
To prevent the establishment and spread of noxious weeds, only pelletized feed or certified weed seed free hay, straw, whole grains, and cubed products are authorized on public lands covered by this travel guide.

APPLICABLE PENALTIES
These rules and restrictions are established under Federal and State laws and regulations. Violators are subject to fines and/or imprisonment.

YOUR RESPONSIBILITY FOR SAFETY
Off-road travel on trails or across undeveloped country is subject to the obvious and inherent hazards associated with the type of travel and changing natural conditions. Individuals must be responsible for having proper skills, equipment, knowledge, and assuming the inherent risks. Some trails may not safely accommodate ATVs.

TERMS USED

The following terms are used on this map.

ALL TERRAIN VEHICLE (ATV) - Any motorized, off-highway vehicle 50 inches or less in width, that travels on three or more low-pressure tires with a seat designed to be straddled by the operator.

BICYCLE - A non-motorized vehicle consisting of a metal frame mounted on two wheels (one behind the other) and having a seat, handlebars for steering and pedals by which it is powered. (Bicycles may not be operated in designated wilderness areas.)

ROAD VEHICLE - A motor vehicle which meets the requirements of appropriate State law for registration and licensing in order to travel on public highways and Forest Development roads.

OFF-HIGHWAY VEHICLE - Any motorized vehicle designed for and/or capable of travel off roads.

SNOWMOBILE - A motorized vehicle capable of use over snow or ice that is driven by a combination of cleats, belts, tracks and skis.

TRAIL BIKE - A motorized vehicle with two wheels, capable of being operated on system trails.

CLOSED AREA, ROAD OR TRAIL - Area, road or trail where the use of road or off-road vehicles are permanently or temporarily prohibited.

DESIGNATED ROUTE - A road or trail which is open either yearlong or seasonally in an otherwise restricted or closed area.

OPEN AREA, ROAD OR TRAIL - Area, road or trail where road or off-road vehicles may be operated, subject to agency operating regulations and vehicle standards.

RESTRICTED AREA, ROAD OR TRAIL - Area, road or trail where the use of road or off-road vehicles are restricted by the managing agency.
