RE: Ramshorn View Estates Subdivision
Gallatin County

Dear Sir/Madam:

Enclosed please find an Environmental Assessment (EA) completed by this Program for the above referenced subdivision. Due to the minimal impacts anticipated from this proposal, this EA has not been circulated to all departments for comment, but has only been forwarded to yourselves and copied to the below.

If you have any questions or comments on the above or I can be of further assistance, please feel free to call on us at the Permitting and Compliance Division at 444-3080.

Sincerely,

Handwritten signature of Mark Petersen.

ENVIRONMENTAL ASSESSMENT (EA)

Division/Bureau Department of Environmental Quality, Permitting and Compliance Division

Project or Application Ramshorn View Estates Subdivision

Location Northeast 1/4 and Southeast 1/4 of Section 8, Township 7 South, Range 4 East

Description of Project This project is a 92 lot major subdivision in Gallatin County

Water Supply The subdivision is to be supplied with water service through a new public water supply system.

Sewage Treatment The subdivision is to be supplied with sewer service through three new public wastewater treatment systems for 78 lots, and by individual septic tanks and drain fields for 14 lots.

Storm Water Drainage Storm water will be routed to a permanent detention pond in the northeast corner of the subdivision.

Benefits and Purpose of Proposal This proposal will develop a 72.55 acre parcel into 91 single family residential lots and one commercial lot.

Special Circumstances None

Ramshorn View Estates Subdivision
Gallatin County

POTENTIAL IMPACT ON PHYSICAL ENVIRONMENT

1. TERRESTRIAL AND AQUATIC LIFE AND HABITATS Minor
2. WATER QUALITY, QUANTITY AND DISTRIBUTION Minor. The subdivision will consist of 92 lots all to be served by public water systems and 78 to be served by public wastewater systems.
3. GEOLOGY AND SOIL QUALITY, STABILITY AND MOISTURE Minor
4. VEGETATION COVER, QUANTITY AND QUALITY Minor
5. AESTHETICS Minor
6. AIR QUALITY Minor
7. UNIQUE ENDANGERED, FRAGILE OR LIMITED ENVIRONMENTAL RESOURCE
Unknown. No such resources have been identified or are expected.
8. DEMANDS ON ENVIRONMENTAL RESOURCE OF WATER, AIR AND ENERGY
Minor. The applicant has demonstrated that there is adequate quantity of water to supply this subdivision.
9. HISTORICAL AND ARCHAEOLOGICAL SITES Unknown.

CUMULATIVE AND SECONDARY IMPACTS Minor

POTENTIAL IMPACTS ON HUMAN ENVIRONMENT

1. SOCIAL STRUCTURES AND MORES Unknown
 2. CULTURE UNIQUENESS AND DIVERSITY Unknown
 3. LOCAL AND STATE TAX BASE AND TAX REVENUE Unknown
 4. AGRICULTURAL OR INDUSTRIAL PRODUCTION Unknown
 5. HUMAN HEALTH Minor
 6. ACCESS TO AND QUALITY OF RECREATIONAL AND WILDERNESS ACTIVITIES
Unknown
 7. QUANTITY AND DISTRIBUTION OF EMPLOYMENT Minor
 8. DISTRIBUTION OF POPULATION Minor
 9. DEMANDS FOR GOVERNMENTAL SERVICES Minor
 10. INDUSTRIAL AND COMMERCIAL ACTIVITY Minor
 11. LOCALLY ADOPTED ENVIRONMENTAL PLANS AND GOALS Unknown
- CUMULATIVE AND SECONDARY IMPACTS Minor

Regulatory Impact Analysis

The Sanitation in Subdivisions Act imposes regulatory restrictions on this subdivision which require department review and approval of designs for water supply, wastewater treatment, storm water and solid waste disposal systems. Private property may not be developed for activities that require water supply or wastewater disposal until approval is issued by the Department of Environmental Quality. The impact on this private property is that the systems must be constructed at a cost to the applicant, and that several limitation may be imposed regarding the number of lots which may be created, treatment technologies which may be considered, and/or locations of buildings and sanitary facilities. These requirements have been established to protect public health and water quality.

Alternatives/Rationale:

The systems were proposed by the applicant in the initial application. The department accepts the systems proposed by the applicant as the most economically feasible approach.
