## **Decision Notice for the Mission Valley Shooting Club** August 26, 2008

A draft Environmental Assessment (EA) was prepared by FWP for the proposed purpose of granting funds to the Mission Valley Shooting Club for shooting range improvements. FWP is being asked to grant \$3,360 in partial funding towards construction of a pistol range.

A draft EA was circulated for public comment between July 9 and August 8, 2008. During this time period, a legal notice announcing the availability of the EA was placed in the in the Lake County Leader.

One comment was received from the State Historic Preservation Office (SHIPO) recommending that a cultural inventory is unwarranted; however, if cultural materials are inadvertently discovered to contact SHIPO. Since this project uses state funds only and does not take place on state owned or controlled property, the State Antiques act does not apply to this undertaking.

Therefore, by notification of this decision the Draft EA is hereby made the Final EA and the Mission Valley Shooting Club will be awarded this shooting range development grant.
