

PUBLIC NOTICE NO. MT-09-11
Modified: April 30, 2009

PURPOSE OF PUBLIC NOTICE

The purpose of this notice is to state the Department's intention to issue a wastewater discharge permit to the facility listed in this notice. This permit is issued by the Department under the authority of 75-5-402, Montana Code Annotated (MCA); the Administrative Rules of Montana (ARM) 17.30.1301 *et seq.*, Montana Pollutant Discharge Elimination System (MPDES); and Sections 402 and 303 of the Federal Clean Water Act. The Water Protection Bureau has prepared a draft permit for the facility listed below. Copies of the draft permit, statement of basis, and environmental assessment are available upon request from the Water Protection Bureau or on the Department's website www.deq.mt.gov.

APPLICANT INFORMATION:

APPLICANT: Boulder Hot Springs

FACILITY NAME: Boulder Hot Springs Wastewater Treatment Lagoons

FACILITY LOCATION: 31 South Hot Springs Road, Boulder MT 59632

RECEIVING WATER: Outfall 001: Little Boulder River

PERMIT NUMBER: MT0023639

This is a reissuance of the MPDES permit for the Boulder Hot Springs Wastewater Treatment Lagoons. The facility continuously discharges into the Little Boulder River. The permit contains existing effluent limits for BOD₅ and TSS. New *E. coli* limits and increased monitoring requirements are also included in the permit. Monitoring of the effluent is required at the point of discharge, prior to mixing with the Little Boulder River.

On September 21, 2000, a U.S. District Judge issued an order stating that until all necessary total maximum daily loads (TMDLs) under Section 303(d) of the Clean Water Act are established for a particular water quality limited segment, the State is not to issue any new permits or increase permitted discharges under the MPDES program. The order was issued in the lawsuit *Friends of the Wild Swan v. U.S. EPA, et al.*, CV 97-35-M-DWM, District of Montana, Missoula Division. The DEQ finds that the issuance of this proposed permit does not conflict with the order because it is not a new permit and does not allow any increase in the pollutant load to the Little Boulder River.

PUBLIC COMMENT

Public comments are invited ANYTIME PRIOR TO CLOSE OF BUSINESS May 30, 2009. Comments may be directed to the DEQ Permitting & Compliance Division, Water Protection Bureau, PO Box 200901, Helena, MT 59620. All comments received or postmarked PRIOR TO CLOSE OF BUSINESS May 30, 2009 will be considered in the formulation of final determinations to be imposed on the permits. If you wish to comment electronically, you may e-mail Carol Bertke or Barb Sharpe at WPBPublicNotices@mt.gov.

During the public comment period provided by the notice, the Department will accept requests for a public hearing. A request for a public hearing must be in writing and must state the nature of the issue proposed to be raised in the hearing (ARM 17.30.1373).

The Department will respond to all substantive comments and issue a final decision within sixty days of this notice or as soon as possible thereafter. Additional information may be obtained upon request by calling (406) 444-3080 or by writing to the aforementioned address. The complete administrative record, including permit application and other pertinent information, is maintained at the Water Protection Bureau office in Helena and is available for review during business hours.
