

**SUPPLEMENTAL ENVIRONMENTAL ASSESSMENT  
JUNE 30, 2009**

**Project Name:** Welcome Springs Site, Amendment # 2  
NW1/4, Sec. 24, T26N, R 23W – Flathead County  
**Proponent:** Grizzly Gravel Products

**Type and Purpose of Action:** The applicant has submitted an application to amend Opencut Permit # GLL -002 that if approved, would extend the date of reclamation to Dec. 2009 rather than April, 2009 and increase the amount of materials mined from 20,000 cubic yards, to 30,000 cubic yards. The bond has been calculated at \$8,201 and the applicant has posted \$9,645.00 in the form of an Irrevocable Letter of Credit.

**Impacts and Mitigation:** The applicant will be required to comply with all existing requirements of the approved Plan of Operation which will be appropriate for this action also. All other impacts and mitigation have been analyzed in the original EA dated 6/4/04 and the Supplement dated 3/3/05 which determined the action to be insignificant.
