

PUBLIC NOTICE NO. **MT-09-19**
EXTENDED COMMENT PERIOD - JUNE 29, 2009 – AUGUST 13, 2009
MODIFIED JULY 17, 2009

PURPOSE OF PUBLIC NOTICE

The purpose of this notice is to state the Department's intention to issue a wastewater discharge permit to the facility listed in this notice and **to extend the public comment period**. This permit is issued by the Department under the authority of 75-5-402, Montana Code Annotated (MCA); the Administrative Rules of Montana (ARM) 17.30.1301 *et seq.*, Montana Pollutant Discharge Elimination System (MPDES); and Sections 402 and 303 of the Federal Clean Water Act. The Water Protection Bureau has prepared a draft permit for the facility listed below. Copies of the draft permit, fact sheet, and environmental assessment are available upon request from the Water Protection Bureau or on the Department's website www.deq.mt.gov.

APPLICANT INFORMATION

APPLICANT NAME: ConocoPhillips Company
FACILITY NAME: ConocoPhillips Billings Refinery
FACILITY LOCATION: 401 S. 23rd St. Billings, MT 59107
RECEIVING WATER: Yegen Drain
PERMIT NUMBER: MT0000256

This is a reissuance of the MPDES permit for the ConocoPhillips Billings Refinery. The facility continuously discharges into the Yegen Drain. The permit contains technology-based effluent limits for effluents from refinery processes in use at the facility. The permit also contains water quality-based effluent limits for selenium and ammonia for the main refinery discharge and limits for total residual chlorine and oil and grease for periodic hydro-static testing discharges. Monitoring of the effluent is required at the point of discharge, prior to mixing with the Yegen Drain. **At the request of ConocoPhillips Company, the public comment period for this public notice is extended until August 13, 2009.**

Public Notice No.: MT-09-19 - Extended

June 29, 2009

Page 2 of 2

On September 21, 2000, a U.S. District Judge issued an order stating that until all necessary total maximum daily loads (TMDLs) under Section 303(d) of the Clean Water Act are established for a particular water quality limited segment, the State is not to issue any new permits or increase permitted discharges under the MPDES program. The order was issued in the lawsuit Friends of the Wild Swan v. U.S. EPA, et al., CV 97-35-M-DWM, District of Montana, Missoula Division. The DEQ finds that the issuance of this proposed permit does not conflict with the order because it is not a new permit and does not allow any increase in the pollutant load to the Yegen Drain.

PUBLIC COMMENT

Public comments are invited **ANYTIME PRIOR TO CLOSE OF BUSINESS August 13, 2009**. Comments may be directed to the DEQ Permitting & Compliance Division, Water Protection Bureau, PO Box 200901, Helena, MT 59620. All comments received or postmarked **PRIOR TO CLOSE OF BUSINESS August 13, 2009** will be considered in the formulation of final determinations to be imposed on the permits. If you wish to comment electronically, you may e-mail Barb Sharpe at WPBPublicNotices@mt.gov.

During the public comment period provided by the notice, the Department will accept requests for a public hearing. A request for a public hearing must be in writing and must state the nature of the issue proposed to be raised in the hearing (ARM 17.30.1373).

The Department will respond to all substantive comments and issue a final decision within sixty days of this notice or as soon as possible thereafter. Additional information may be obtained upon request by calling (406) 444-3080 or by writing to the aforementioned address. The complete administrative record, including permit application and other pertinent information, is maintained at the Water Protection Bureau office in Helena and is available for review during business hours.
